Executive Summary

The purpose of this section is to provide an overview of some of the major initiatives of the FY 14/15 budget. Also discussed are some of the factors that have impacted the preparation of this budget, and some of the significant changes between this budget and the prior year budget. More detailed explanations of these changes are found later in the document.

Investing in a Great City

The continued growth and improvement of a city requires both a vision and a commitment to move forward. A budget attempts to capture that vision and to ascribe dollars and cents to the task. It is a means by which one establishes priorities and provides a mechanism for delivering on those priorities. The decisions that shape this budget have a lasting impact. Good decisions result in increased investment and future positive returns while poor decisions limit future flexibility and may result in unanticipated consequences and problems. The theme of this budget is to sustain the on-going momentum and progress occurring in Knoxville.

General Overview

Maintaining a fiscally sound city is important not only in the short term but for the future. Pressing obligations, particularly to fund pensions and other expenses, require a tax adjustment. For FY 14/15 the tax rate is set at \$2.7257 per \$100 of assessed value. This is an increase of \$0.34. In FY 14/15, \$0.5334 goes to the Debt Service fund and \$2.1923 goes to the General Fund. When adjusted for the impact of inflation and countywide reappraisals, the proposed tax rate is actually lower than it was ten years ago.

The total operating budget in FY 14/15 is \$384,611,930. The net budget, i.e., excluding inter-fund transfers and charges which are effectively double counted within the budget, is \$284,450,780. The budget for the General Fund, which is the main operating fund of the city, equals \$200,502,560.

The total budget decreases by \$2,262,920 (0.6%) when compared to the FY 13/14

budget. The net budget decreases by \$11,406,840 (3.86%). The General Fund budget is up by \$17,322,130 (9.46%).

Budgeted personnel for FY 14/15 total 1,599 full-time positions and 31 part-time positions. This represents an increase of one full-time position and a decrease of two part-time positions.

A goal is to ensure that personnel are paid competitively. In order to remain current, the budget includes a salary increase of 2.5% for employees.

In addition to the salary adjustments mentioned above, the budget includes an approximate \$7.38 million increase to the pension plan. This funds the annual required contribution and enables the plan to remain actuarially sound. Total budgeted contributions to the plan are approximately \$23.39 million, which represent normal contributions and the amortization of the unfunded pension liability. The budget also increases the allocation for health care benefits. Although the City's health claim experience has been better than the national trends the costs still continue to escalate and funding is required to address those costs.

Administrative Goals

Mayor Rogero has outlined several key goals and strategies that shape and drive this budget. These goals are:

- Strong, safe neighborhoods
- Living Green and Working Green
- An energized downtown
- Job creation and retention

Strong, Safe Neighborhoods

As in the past, the largest portion of the budget is devoted to the operations of the Police and Fire Departments. The proposed budget includes approximately \$3 million in new capital funding for the Police Department, for items ranging from improvements at various police facilities, enhanced training facilities, and investments in new equipment designed to help officers perform their du-

Executive Summary

ties. Funding is provided for on-going maintenance at various fire stations throughout the city, as well as renovations to the historic Fire Station 12. Funds are also allocated to begin the planning of new fire training facilities.

It is important that neighborhoods also have quality infrastructure and are free from blight. This budget provides \$300,000 to address chronic problem properties and another \$200,000 for blighted property acquisition. Included is \$100,000 to continue the "demolition by neglect" program to protect historic properties. To further add in this effort, \$500,000 is being set aside to promote historic preservation throughout the City. The budget includes the sixth contribution of \$800,000 to assist KCDC in the redevelopment of the Walter P. Taylor homes project in the Five Points/Park City area. This is part of a multi-year commitment to this project.

Stronger, safer neighborhoods are more than quality police and fire protection and bricks and mortar. Strengthening the social fabric and ensuring success for families and youth are essential as well. The budget provides \$100,000 to assist Community Schools in center city neighborhoods in collaboration with the Great Schools Partnership and Knox County Schools. A capital grant of \$250,000 will go to the Boys and Girls Clubs of the Tennessee Valley to expand recreational facilities at their Caswell Avenue campus. An additional \$200,000 is funded to address homelessness issues in the City.

The FY 14/15 budget continues to fund the Office of Neighborhoods and a Neighborhood Coordinator who works with neighborhood groups to help them improve the quality of their neighborhoods. A position is added to expand the work of this office. Included as part of this function is a \$30,000 fund to provide resources to strengthen neighborhoods and build the capacity of neighborhood organizations to implement successful projects.

Great neighborhoods also have access to parks, greenways, and recreational opportu-

nities. They safely accommodate pedestrians, bicycles, public transit, and vehicles.

The FY 14/15 budget includes \$200,000 for ball field and tennis court improvements in parks throughout the City. The budget allocates \$50,000 for greenway maintenance and improvements, and \$1,000,000 for the development of greenway corridors. The budget allots an additional \$2 million to fund utility improvements to Lakeshore Park, and \$100,000 for improvements to the Ijams Nature Center.

A total of \$2.18 million, an increase of \$318,000, is allocated to sidewalks and crosswalks including \$750,000 for the sidewalk safety program, i.e., sidewalks within school parental responsibility zones; \$750,000 for new sidewalk construction; \$250,000 for ADA sidewalk enhancements; and \$80,000 for the Crosswalk Safety program. A total of \$350,000 is included to begin design and land acquisition for sidewalk improvements in the I-640 at Old Broadway area.

The budget continues to provide support for KAT, Knoxville's public transit system, in the amount of \$10.3 million in direct city support and grant match funding to operate buses, trolleys and para-transit service across the city.

The City has an on-going program to pave and maintain streets on a regular basis. Our schedule seeks to pave arterial streets at least once every ten years, collector streets every fifteen years and residential streets at least once every twenty years. To maintain this schedule the budget includes \$5.8 million in direct city funding for the City's paving program. The budget also includes \$200,000 for alley-paving and \$250,000 for roadway safety.

The budget continues annual funding for the bridge replacement program. Funding of \$250,000 is specifically designated for continued improvements to traffic signals, and \$20,000 is budgeted for traffic calming projects.

Executive Summary

The budget includes funding for two new positions in the Engineering Department. These staff will focus on the completion of city capital projects, and infrastructure projects formerly bonded by developers but left unfinished. The city is responsible for completing these projects. A position has also been added to speed up right-of-way acquisition, an area that has bottlenecked project work.

Living Green and Working Green

The Mayor is committed to making Knoxville a more environmentally friendly city. The budget funds the Office of Sustainability. This office guides our comprehensive sustainability efforts across all city departments and activities. The total budget for this Office is \$276,310. Included within this budget is funding for the continuation of electric vehicle charging stations in public facilities, and the acquisition of a new energy management system.

The budget again funds \$500,000 for match grants for an advanced traffic management system (ATMS). When implemented the new system should enhance traffic flow and again result in lower fuel consumption and pollution. Also funded is \$285,000 for bicycle infrastructure improvements. These funds are part of the city's goal of complete streets that provide safe facilities for bicyclists, pedestrians, and public transit.

The budget provides \$250,000 in funding for the Knoxville Botanical Gardens and Arboretum's new Center for Urban Agriculture capital campaign. This initiative will be a model for permaculture and sustainable living practices that will provide both economic and ecological benefits.

An Energized Downtown

Downtown is "everybody's neighborhood" as it is the cultural and economic hub of our city and region. The budget allocates \$130,000 for the Downtown Improvements fund, \$250,000 for restrooms near Market Square, and \$850,000 for public infrastructure improvements near the new Marble Alley development.

The downtown revitalization strategy includes continued reinvestment along the commercial spines that extend from downtown - north, south, east, and west. Allocations for the FY 14/15 budget include \$50,000 for projects in the Downtown North area and \$300,000 for the Magnolia Warehouse District and Corridor. The amount of \$500,000 is designated for the commercial façade improvement program.

Job Creation and Retention

Job and business development is a goal of this administration. The proposed budget includes \$400,000 for the Innovation Valley campaign, as well as other funding to aid the Chamber Partnership in their economic development efforts.

The budget continues the funding of the Office of Business Support and the Business Liaison whose job is to assist businesses and cut the red tape in dealing with city government.

Arts and cultural opportunities continue to serve residents and visitors and are factors often cited in business relocations and economic development. Operating grants totaling \$374,500 are budgeted for the Knoxville Symphony, Beck Cultural Center, and twenty four other arts and cultural groups. The budget includes \$250,000 to be used for public art, and \$50,000 for the Museum of Art capital campaign.

Long-term Goals and Strategies

Looking toward the future, the City of Knoxville has invested in several projects that will enhance the quality of life for residents, attract potential visitors and provide a business-friendly environment to retain and lure businesses.

One current ongoing project is the Cumberland Avenue Corridor, which is adjacent to The University of Tennessee, the state's flagship university. The Cumberland Avenue Corridor is undergoing massive upgrades with the Tennessee Department of Transportation as a partner. More than \$2.3 million has been budgeted for design and right-

Executive Summary

of-way contracts and more than \$12 million has been allocated for construction of the project. The project includes widened sidewalks and amenities such as street trees, benches and trash receptacles as well as a road diet from four lanes to three. An additional \$2.2 million is being funded to complete this project.

The project has already spurred private investment with the renovations of some restaurants currently located on the corridor. The Cumberland Plan estimated that \$12 million of public investment would leverage \$280 million in private investment. Already, nearly \$100 million in private investment has been realized with the renovation of a restaurant, a major retail development on a former brownfield site, a former gas station being converted into a mixed use development, and the renovation of a vacant hotel.

As mentioned earlier, the City of Knoxville is investing in a long-term vision for the Magnolia Avenue Warehouse District and Corridor. Past funding has been budgeted for preliminary design work and an additional \$300,000 is provided in this budget for final design documents.

Final design plans will begin with a four block area, which will become a model for the Magnolia Corridor – making it more pe-

destrian friendly with trees, lighting and other amenities. The public investment in the Magnolia Warehouse District and Corridor will spur private investment.

Regular maintenance of infrastructure is a key to a thriving city. In addition to annual budgets for resurfacing, paving, curb cuts and sidewalk safety, other infrastructure projects include on-going drainage improvements as well as park improvements.

On a larger scale, the City of Knoxville has committed to reducing its carbon footprint by 20% from 2005 levels by the year 2020. Sustainable initiatives during the past few years have targeted carbon emissions, along with better building, transportation and waste initiatives.

These projects and programs all aim to provide a high quality of life for Knoxville's citizens.

Conclusion

The remainder of this budget includes additional summary material, and a more detailed discussion of revenue and expenditure trends. It is hoped that these materials will provide the reader with a more thorough understanding of the proposed operating budget.

ADJUSTED/EQUALIZED TAX RATE

Fiscal Years 2005/06 – 2014/15

The above chart presents a ten year comparison of the actual (nominal) tax rate to the effective tax rate, that is, the tax rate after it has been adjusted for the effects of reappraisal by the Knox County Property Assessor and the impact of inflation. As can

be seen by the lower line, the effective tax rate has declined from \$2.81 in Fiscal Year 2005/06 to \$2.23 in Fiscal Year 2014/15. This means that the change in the tax rate has been less than the rate of inflation and equalization

City of Knoxville

CITY AND COUNTY PROPERTY TAX RATES

FY 95/96 - FY 14/15

Fiscal Year	City Rate	County Rate	City Combined Rate
FY 95/96	\$2.87	3.16	\$6.03

FY 13/14	\$2.39 *	2.32 *	\$4.71
FY 14/15	\$2.73	2.32	\$5.05

* The Property Assessor is required by law to undertake a complete reappraisal of property at least every four years. This reappraisal was last completed in 2013. Whenever a property reappraisal occurs, cities and counties are required to adopt a "Certified Tax Rate". This is the rate that would generate the same amount of tax revenue as before reappraisal. The "Certified Tax Rate" in FY 09/10 for the City was \$2.3857 and for the County \$2.36. This rate in effect discounts the increases in value resulting from reappraisal.

Note that taxes are levied per \$100 of assessed value.

* The Property Assessor is required by law to undertake a complete reappraisal of property at least every four years. These reappraisals were completed in 1997, 2001, 2005, 2009 and 2013

Note that the assessments for each calendar year are reflected in the budget for the following year. For example the 2014 assessments are used in the FY 14/15 budget. Residential property is assessed at 25% of the appraised value. Commercial/Industrial property is assessed at 40% of the appraised value and public utility property is assessed at 55% of the appraised value. The majority of public utility property is appraised by the Tennessee Public Service Commission. Personal property is assessed at 30% of the appraised value.

City of Knoxville

GENERAL FUND REVENUES

Total General Fund budgeted revenues for FY 14/15 equal \$200,502,560. This is a 9.46% increase when compared to the budgeted FY 13/14 revenues of \$183,180,430. Operating revenue equals \$198,497,960 which is \$17,167,530 or 9.47% above the budgeted FY 13/14 operating revenue. Non-operating revenues are budgeted at \$2,004,600 for FY 14/15.

The overall revenue picture can be viewed as one of flat to relatively modest growth in most areas. The change in assessed property values is expected to be small. Revenues in the more cyclical revenues such as local option sales taxes, state shared sales taxes, and business taxes have been trending upward and growth is expected to continue, but again at fairly slow pace. Increases are the result of rate changes, discussed in more depth below.

TAXES

The largest single category of revenue to the General Fund is taxes. This one category equals \$172,041,700 or approximately 87.6% of the total operating revenue to this fund.

Property Taxes

The largest revenue source within this category is property taxes. Property taxes are, in turn, divided into three types: taxes on real property, taxes on personal property, and taxes on public utilities.

There are four factors that determine revenues from property taxes:

- 1) The assessed value of property;
- 2) The state equalization rate;
- 3) The collection rate on property taxes;
- 4) The tax rate itself.

Assessed Value and Equalization Rate: Historically, growth in the value of new real property would be considered fairly moderate, and not characterized by the boom/bust cycles of many cities. The normal annual rate of growth would fall in the two (2) to three (3) percent range, with some exceptions along the way. The mid to late 1990's and

2000's were, with the exception of reappraisal years, characterized by this same fairly moderate growth. Growth rates following the 2005 reappraisal until the recession of 2008 and 2009 ranged between 2.05% and 4.09%. More recent years have seen a sharp decline from those numbers. In FY 10/11 the growth was only 0.73%. In FY 11/12 and FY 12/13 this improved slightly but was still only 1.5% and 1.9% respectively. FY13/14 being a reappraisal year shows a growth of 4.2% in total appraisals but this is price appreciation rather than new growth which was in the low 1% range. Even at this rate all the growth has been in the commercial area with residential and industrial property showing declines in valuations.

For FY 14/15 we think that the growth in assessed values will remain low and will reflect the same pattern of recent years. We expect virtually no growth in residential and industrial property. We anticipate commercial property to increase at a modest pace. At this time we are forecasting an increase of 1.47% in overall property values for the upcoming year.

Although we see an uptick in construction activity (See Figure 1 below), the forecast for property tax growth during the next few years is for continued flat to modest growth. For FY 14/15 the projected assessed value of real property is \$4,054,164,350. The projected amounts for FY 14/15 are based upon the latest available data from the Assessor's Office.

The Property Assessor is unable to supply final estimates on the assessed value of personal property until after the adoption of the budget. Personal property tax growth rates have shown much more volatility than real property. In the past ten years the change in assessed value has been mostly negative, with a few dramatic upticks, primarily during the reappraisal cycle. In FY 13/14 the growth rate was 15.96%, the highest of the last decade. Given the trends we expect a return to the trend of flat to declining values. For the upcoming year we forecast the change in assessed value to be up by approximately 0.2%. As with real property, we did not have final numbers from the Property Assessor's Office until after passage of the budget. The actual tax roll was much higher than we had projected, which explains the significant increase in forecasted FY 13/14 revenues from the FY 13/14 budget.

The third set of property tax revenues comes from taxes on public utilities, which are assessed by the Division of State Assessed Properties under the Office of the State Comptroller. These values are not supplied until January or February of the subsequent year and have typically varied little unless affected by a change in the equalization rate. Recent trends, however, have been negative, the result of many successful appeals of the state appraisals. We expect assessments to continue to decline in the upcoming year, coming in 1.35% lower in FY 14/15.

Collection Rate: In recent years, the City has collected an average of 94.9% of real property taxes, 92.9% of personal property taxes, and 98.1% of the taxes upon public utilities in the year in which they are levied. We utilize these averages in making our forecasts. The most notable recent change in these rates has been a slight increase in the collection rate for all categories of property.

Tax Rate:

In FY 14/15 the budget is based upon a total tax rate of \$2.7257 per hundred dollars of assessed value. This is an increase of \$0.34 when

compared to FY 13/14. The tax rate is apportioned between the Debt Service Fund and the General Fund. In FY 14/15, \$0.5354 of the tax rate goes directly to the Debt Service Fund, the same as in FY 13/14. The portion of the tax rate used for General Fund purposes is \$2.1923 or thirty-four cents more than in FY 13/14. Combining all factors yields the budgeted revenue from property taxes as illustrated in Table 1.

In FY 14/15 current property taxes are expected to generate \$94,687,000. When compared to the FY 13/14 budget, current projected property tax revenues to the General Fund are up by \$15,896,000, due primarily to the increase in the tax rate.

Tax Discounts

The City offers a one percent discount on property taxes paid before the end of October. For FY 14/15 the anticipated discount in the General Fund is \$514,240, which is \$85,560 more than the FY 13/14 budgeted amount. The greater amount is due to the small growth in overall valuations and the increase in the tax rate, as we do not believe the percentage of individuals receiving a discount will deviate much from the current year.

This discount represents a reduction in the amount of revenues available to the General Fund. The discount allows the City to better manage cash flow, avoid the need to issue tax anticipation notes, and increase interest earnings.

Payments In Lieu Of Taxes

Other revenues within the tax category include the payment in lieu of taxes from the Knoxville Utilities Board (KUB) and Knoxville's Community Development Corporation (KCDC). The payment from KUB is based upon two components, one being the estimated property value owned by KUB and

the second being an average of overall revenues. In FY 14/15 the KUB PILOT payment is forecast at \$15,204,790 which represents an increase of

TABLE 1				
	Estimated Assessed Valuations	Est. Coll. Rate	Tax Rate per \$100	FY 13/14 Budgeted Revenue
Real Property	\$4,054,164,350	94.9%	\$2.19	\$84,302,100
Personal Property	347,702,270	92.9%	2.19	7,077,700
Public Utilities	<u>153,778,610</u>	98.1%	2.19	<u>3,307,200</u>
TOTAL	<u>\$4,555,645,230</u>			<u>\$94,687,000</u>

\$557,880 or 3.8% when compared to the budget for FY 13/14. This change is based upon modest growth in property held by KUB, and anticipated growth in average net revenues. The amount from KCDC is now forecast to yield \$117,540 which is a drop of \$36,060 or 23.4%.

There are several other entities now making payments in lieu of taxes. These payments are part of the redevelopment strategy of the City. Other payments in lieu of taxes are expected to yield \$208,490. This is up by \$62,740 when compared to budgeted FY 13/14.

Sales Taxes

The City imposes, as the result of local referenda, a 2.25% local option sales tax on all sales within the city limits. Approximately 72% of the proceeds from the tax go to the Knox County School District, with the balance flowing to the City's General Fund. The revenues from this source comprise the second largest source of revenue within the tax category. In FY 14/15, local option sales tax revenues are expected to equal \$36,118,670 or 18.2% of total General Fund operating revenues.

As shown in figure 2, growth in sales tax receipts has been steady, if not spectacular, in recent years. In FY 09/10, at tail end of the recession, revenues from this source had dropped to \$32.654 million. They have shown improvement, with the exception of FY 12/13, in each successive year. The amounts in FY 11/12 are thought to be an outlier, artificially high due to sales related to the recovery/repair from damaging storms in the spring of 2011. We think that FY 14/15 will continue the upturn, but believe it will remain modest.

We are forecasting an increase of two and a half percent (2.5%) from anticipated FY 13/14 collections.

Other Taxes

Revenues from the beer tax and mixed drink tax, have, in recent years, shown small to modest growth. In FY 14/15 we expect revenues from these two sources to be relatively flat. Mixed drink taxes are forecast to generate \$1,481,570, which represents a decline of \$36,160 or 2.38% when compared to the FY 13/14 budget. Revenues from beer taxes are expected to increase by \$35,420 or 0.48% when compared to the FY 13/14 budget. Total revenues from the beer tax are forecast at \$7,351,340. A recent change in state law shifts this tax from a price based tax to an excise based tax. As a result of this change we expect that future growth will be flat to negative.

Wholesale liquor inspection fees have also been relatively flat the past two years, but we now expect some growth during the upcoming year. Revenues from this source are expected to generate \$2,758,850 in FY 14/15. This is \$53,410 or 1.9% more than the amount budgeted in FY 13/14.

Revenue from business taxes has, like sales taxes, been experiencing a turnaround. We currently expect to end FY 13/14 with a favorable variance of \$695,910 from the budgeted amount. For FY 14/15 we are projecting growth of two percent (2%) levels from anticipated FY 13/14 collections. Projected revenue from this source in FY 14/15 is \$6,519,680, an increase of \$823,750 when compared to the FY 13/14 budget.

Cable television franchise taxes from Comcast, AT&T, and Knology are projected to be down slightly when compared to the FY 13/14 budgeted amount. Collections in FY 13/14 are running below expected levels and we anticipate only modest growth in the new fiscal year. These revenues are now forecast at \$1,806,110 which is \$13,010 or 0.72% less than the amount budgeted in FY 13/14.

INTERGOVERNMENTAL REVENUE

The second largest revenue category of the General Fund is intergovernmental revenue, i.e., revenue that comes from another governmental unit, primarily the State of Tennessee. This category of revenue accounts for \$21,637,370 or 11.0% of to-

tal operating revenue. Overall, we expect this category of revenue to be up by \$635,420 or 3.0% when compared to the budget for FY 13/14.

The largest single revenue within this grouping is the state shared sales tax. Current year revenues from this source are now forecast to end below budgeted revenues for this year. We believe this to be a minor setback and do expect an upturn in FY 14/15. The total estimated amount in FY 14/15 from this source is \$12,407,450. This is \$260,740 or 2% under the amount budgeted in FY 13/14.

The second largest revenue in this category is the city's portion of the Hall Income Tax. This revenue has shown extreme volatility in recent years, going from \$5 million to \$9.5 million to \$7.3 million, then to \$3.9 million and \$12.5 million. We think that FY 12/13 is an extraordinary one-time gain that is unlikely to be repeated. In FY 14/15 we are expecting revenue from this source to generate \$4.9 million, which is more a recent historical average. This amount is up by \$974,300 when compared to the FY 13/14 budget.

The City also receives a number of other state-shared revenues. Revenue from alcoholic beverage tax is expected to be up slightly when compared to FY 13/14 budget, at a total of \$149,970. Revenues from beer taxes are expected to be down slightly from FY 13/14 at a total of \$83,920.

Revenue from the state excise tax, a tax upon the net earnings of state and national banks chartered in Tennessee, is currently expected to decline slightly when compared to FY 13/14. For FY 14/15 this is expected to generate \$247,200.

Revenue from the streets and transportation tax is expected to be fairly stable. This revenue is budgeted at \$354,840 or \$360 less than in FY 13/14. The City's share of TVA gross receipts is also forecast to be down when compared to FY 13/14. and, as such, we have revised our FY 14/15 projections downward. The result is an anticipated decrease of \$61,070 or 2.9% when compared to the FY 13/14 budget.

The City receives funding from the federal government to help offset the cost of several positions within the police department. This includes the payment of overtime for officers

working in KCDC housing and other areas. The funding is listed as federal contribution, the total amount budgeted for FY 14/15 being \$826,450.

The State of Tennessee has provided supplemental pay for police officers and firefighters in past years, and is listed under the category of state contribution in the tables following this narrative. The City serves as conduit to pay this supplement. The budgeted amount totals \$445,800 and is equal to planned expenditures in the Police and Fire Department budgets.

The City's Emergency Management Department is funded in part by a contribution from the U.S. government under the Federal Emergency Management Act (FEMA). The contracted amount for the upcoming year is projected to be \$136,000. Knox County partially funds the balance of the department's budget. The Knox County share is estimated at \$53,000.

OTHER REVENUE

There are four other categories of operating revenue to the General Fund, these being licenses and permits, charges for services, fines and forfeits, and miscellaneous revenue. The combined total from these sources is \$2,657,540, or 1.35% of the total operating revenues to the General Fund. A breakdown of these revenues for FY 13/14 and FY 14/15 is shown in Table 2.

Overall, the category of licenses and permits is up by \$10,540 or 3.3% when compared to the budget for FY 13/14. Within this revenue category half of the accounts are expected to be up and half down

TABLE 2			
	FY 13/14 Budget	FY 13/14 Est. Actual	FY 14/15 Projected Revenues
Licenses & Permits	\$320,610	\$331,150	\$331,150
Charges for Services	1,414,800	1,312,490	1,312,490
Fines & Forfeits	438,000	599,600	586,620
Misc. Revenue	<u>710,650</u>	<u>664,110</u>	<u>427,280</u>
TOTAL	<u>\$2,884,060</u>	<u>\$2,907,350</u>	<u>\$2,657,540</u>

when compared to the FY 13/14 budget. The largest expected improvement is from liquor by the ounce fees which are expected to grow by \$9,530 to \$178,500. The two accounts showing

the largest expected decline are fees to publish beer permits and fees for blasting permits. These two sources are expected to be down by \$3,600 and \$2,980 respectively.

The amount expected to come from charges for services is projected at \$1,312,490, which is \$102,310 or 7.2% less than the amount budgeted for FY 13/14. The drop is concentrated in a few accounts. Revenues from attorney costs for the collection of delinquent taxes are expected to decline by \$74,790 to \$509,020. Codes enforcement liens are forecast to decline by \$35,140 to \$206,710. The remainder of the accounts within this category show a mixture of declines and increases that tend to offset each other.

The category of fines and forfeits are forecast to generate \$586,620, an increase of \$148,620 or 33.9%. This increase is primarily in red light camera fines which have improved following a change in contract terms. This source is expected to yield \$203,310 or 163,480 more than the amount budgeted in FY 13/14. This gain is partially offset by expected drops in county court costs and criminal court fines that are rebated from the county court, as well KPD automated information fines. These are expected to decline by \$1,640, \$2,720, and \$18,130 respectively.

The category entitled miscellaneous revenue is projected at \$427,280, which is \$283,370 less than the amount budgeted in FY 13/14. The reason for the decline is a shift of parking meter revenues to the Metro Parking Fund. The shift is part of an effort to treat all parking as a comprehensive integrated system. The amount budgeted from

parking meters in FY 13/14 is \$307,190. Also within this category is interest earnings, projected at \$265,600. This is an increase of \$20,000 when compared to FY 13/14. Yields on the types of investments appropriate for government are expected to remain flat until late 2014, but stronger fund balances somewhat mitigate the lower rates. The remaining revenue sources within this category are expected to remain flat.

Transfers In

The revenue budgeted under transfers is the amount of revenue in excess of expenditures that is generated by the Municipal Court. Fines and costs collected by the Municipal Court have resumed their downward trend after showing an uptick in FY 12/13. We expect revenue from this source to be down in the upcoming fiscal year when compared to the FY 13/14 budget. Excess City Court fees are now forecast at \$2,161,350 or \$1,122,820 lower than the amount budgeted in FY 13/14.

Non-Operating Revenue

The FY 14/15 General Fund is balanced through the use of \$2,004,600 in non-operating revenue. The City Charter requires that a reserve of at least 1% of operating expenses be budgeted. In FY 14/15 this reserve is appropriated at \$2,004,600. An appropriation of fund balance is designated to fund the budgeted reserve.

GENERAL FUND EXPENDITURES

General Fund Overview

General Fund expenditures for FY 14/15, including the reservation for contingencies, total \$200,502,560. This represents an increase of 9.46% when compared to the FY 13/14 General Fund budget of \$183,180,430. The following narrative describes the major expenditure changes by department. The purpose of this section is to provide a general overview of all expenditure categories.

TABLE 1

	FY 14/15 Proposed Budget	FY 13/14 Original Budget	Change
Personal			
Services	\$ 106,539,800	\$ 97,518,700	\$ 9,021,100
Supplies	5,090,780	4,675,940	414,840
Other			
Charges	48,176,790	45,749,110	2,427,680
Other			
Uses	40,695,190	35,236,680	5,458,510
Total's	<u>\$ 200,502,560</u>	<u>\$ 183,180,430</u>	<u>\$ 17,322,130</u>

Personal Services

The amount budgeted for personal services, i.e., salaries, benefits and related costs, is \$106,539,800. Overall costs for this category increase by \$9,021,100 or 9.25% when compared to the FY 13/14 budget. This is due to a 2.5% general salary increase for all non-probationary employees, increases to cover the actuarially required pension contribution, and an expected jump in health care costs. The impact on specific departmental budgets is discussed in more detail below, and in the executive summary.

Supplies

The category of "Supplies" is used to pay for such things as office and operating supplies, repair and maintenance items (chemicals, road salt, etc.), and operating equipment not provided for in the equipment replacement funds or capital budget. The budget for the supplies category increases by \$409,840 or 8.76%. The most significant changes are an increase in the appropriation for operating supplies within the

Public Service Department, and a shift in the accounting for software licensing fees from the Other Expenses category to the Supplies category. The appropriation for uniforms also grows to cover the cost of an increase in the uniform allowance for fire department personnel.

Other Charges

The category of "Other Charges" includes such expenditures as postage, professional services, equipment leases, internal service fund charges, and various miscellaneous items. The proposed budget reflects an increase of \$2,427,680 when compared to the previous fiscal year. Much of the growth is in internal service charges, but other accounts increase as well. Funding for Grants & Benevolences is up by \$688,850, due in part to capital grants being made to various non-profit organizations.

Transfers

Transfers reflect the movement of financial assets among City funds. Due to their significance in the operations of the General Fund, special emphasis is given here. The majority of the transfers cover revenue shortages in various other funds. Overall budgeted transfers increase by \$5,438,510. This jump is primarily due to a transfer of \$5,207,000 from the General Fund to the Capital Projects Fund (Fund 401). The transfer to the Tax Increment Fund (Fund 306) grows by \$539,810 and the transfer to miscellaneous special revenue funds increases by \$416,240, the latter driven by a \$500,000 contribution for historic preservation work. Partially offsetting some of the increases is a reduction of \$1,220,820 in General Fund support for the Knoxville Area Transit system.

Administration

The proposed budget for Administration increases by \$438,110 or 12.53% to \$3,934,110. Within this department personal services expenses increase by \$32,950, or 1.18%, to \$2,814,710. This results from the general salary increase and the associated growth in pension and health care costs. The appropriation for Supplies costs declines slightly by \$1,650 to \$68,190. The category of Other Expenses increases by \$406,810 to \$1,051,210. This is

partially due to a one-time grant match of \$200,000 for brownfield remediation. Also, \$125,000 is included for a study by the Urban Land Institute and \$88,260 is added to cover the contractual monitoring of energy savings payments by Ameresco.

Finance Division

The FY 14/15 proposed budget for the department of Finance is up by \$147,800 (3.73%) to \$4,108,960. Personal services expenditures increase by \$140,770 to \$3,231,180, the result of the proposed salary increase and pension and health care expenses. Supply costs are consistent with the FY13/14 budget. Other charges rise by \$7,150, with the majority of the change in internal services costs, which are up \$5,680 from FY13/14.

Information Systems Division

The budget for the Information Systems Department increases by \$193,220 (4.49%) when compared to FY 13/14 to a total of \$4,496,830. Personal services grow by \$140,420, stemming from the proposed salary increases and other related benefit hikes. Operating supplies increase by \$20,770, primarily for incremental increases in computer maintenance charges. The category of Other Charges is up by \$32,030. Within this category, internal service charges rise by \$42,800, but are partially offset by a decrease in training and education expenditures.

Community Development Division

The proposed budget for Community Development (Economic Administration) is \$2,034,790, an increase of \$416,880 (25.77%) from the prior year budget. Personal services accounts for \$135,810 of the jump. This is due to the 2.5% salary increase and higher pension and health care costs. A new position is added to the Department of Neighborhoods. Also, two positions formerly funded 100% by the Community Development Block Grant (CDBG), are now partially funded within the General Fund.

The budget for the supplies category remains the same at \$21,230. The budget for Other Charges grows by \$281,070 (24.38%) from \$1,152,840 to \$1,433,910. There are several factors which account for this increase: \$25,000 is added for the East Tennessee Quality Growth (ETQG) Program, \$200,000 for homeless prevention and emergency sheltering services has been added, and funding is increased to cover higher rental costs for the Emporium.

Engineering Division

The Engineering Department general fund budget is down by \$15,050 when compared to FY13/14. The net increase for salaries and benefits is \$139,810. The cost of salaries and benefits in total increase by \$283,570. However, three positions (\$143,760) move from the General Fund to the Metro Parking Fund along with associated revenue. A Civil Engineer position is added in order to expedite the completion of capital projects. The supplies budget remains constant at \$422,860. Other charges declined by \$154,860, generally attributable to a shift of \$171,000 in charges from the General Fund to the Stormwater fund (Fund 220). Within the General Fund budget for Engineering, internal service charges increase by \$16,140.

Public Service Division

The proposed FY 14/15 budget for the Public Service Division is \$23,555,170, an increase of \$1,254,940 (5.63%) from FY13/14. Personal service costs go from \$14,416,060 to \$14,533,590, a jump of \$417,530 or 2.96%. This is due to salary, pension and benefit increases. The budget for the Supply category rises by \$94,530 or 7.79% to a total \$1,307,490, primarily to cover increased operating supply expenses. Other costs are also up by \$747,530 (10.73%) to \$6,966,550. The major changes within this category are higher fleet services costs and increased professional service expenses.

Parks and Recreation Division

The Parks and Recreation budget for FY 14/15 grows by \$123,880 to \$6,957,090. Personal service increases by \$135,130 as the result of salary and benefits costs. Supply costs decrease by \$3,700, due to the shifting appropriations among accounts. Other costs decrease by \$7,550 as a result of a decline in internal service charges. In addition, the professional service account rises by \$20,000 to cover contractual obligations and increases in security costs.

Mass Transit Division (Grant Match)

The allocation for Mass Transit Grant Match for FY 14/15 declines by \$447,410 from \$1,165,370 to \$717,960. In prior years this appropriation has been used to match the transit system's formula (5307) allocation, Surface Transportation Program (STP) grants and Congestion Mitigation Air Quality (CMAQ) grants. KAT is, temporarily, no

longer eligible for some of the latter two funds which accounts for the overall reduction in the funding level.

Law

The proposed FY14-15 Law Department budget increases by \$21,300 or 1.12% to a total of \$1,930,000. The increase in Personal Services of \$17,880 (1.35%) to \$1,346,000 is due to the proposed salary, health care costs and pension contribution expenses. The supplies category remains constant at \$69,000. Other Charges expenses grow slightly by the amount of \$3,420.

Police Department

The FY14/15 budget for the Police Department is \$56,322,240, an increase of \$5,794,730 or 11.47%, over FY 13/14. Personal Services grow by \$4,582,980 for salary and benefit costs. The supplies budget increases by \$236,770 and is primarily attributed to the shift of computer maintenance charges from the Other Charges category. The budget for Other Charges rises by \$974,980, chiefly due to an increase of \$1,148,700 for internal service charges (mostly vehicle replacement). Conversely, repair and maintenance charges drop (\$205,440) because of the shift of computer maintenance charges to the supplies budget. Departmental authorized strength is 521, including uniformed positions which remain at 416.

Emergency Management Division

The FY 14/15 budget for Emergency Management increases by \$7,370 (3.68%) to \$364,930. The change in the budget is primarily due to higher personal service charges due to the proposed salary increase and various benefits. The supplies and other expense categories have only minor changes.

Fire

The FY 14/15 proposed budget for the Fire Department is \$39,976,440 which is an increase of \$3,542,280 or 9.72% when compared to the FY 13/14 budget. Personal services increase \$3,235,690 to \$28,329,100 due to the proposed salary change, and higher pension contributions and health care costs.

The category of Supplies increases from \$804,290 to \$880,080, a total of \$75,790. The majority of this change can be attributed to an increase in the uniform allowance for fire personnel. The Other Expenses category

increases \$230,800 to \$10,767,260, primarily due to higher fleet service charges.

The authorized strength for the uniformed personnel remains at 327. Total department strength is three hundred thirty-seven (337) including 10 non-uniformed support personnel.

Civil Service

The Civil Service budget for FY 14/15 decreases by \$137,770 to \$1,081,380. Salary and benefits costs increase \$55,060 (7.18%) and relate to the proposed salary change and higher pension and health care costs. Supplies costs decrease slightly by \$2,900. The primary change is in the Other Charges category which decline by \$189,930. The FY 13/14 budget includes one-time funding of \$225,000 for a comparative compensation study. This appropriation is no longer included in FY14/15. Partially offsetting this reduction is a \$32,170 increase in internal service charges..

Legislative

The Legislative budget decreases (\$21,060) from \$976,262 to \$955,000. This decrease is due to a reduction in the personal services category. Pension contributions, both from the employee and employer, cease whenever employees enter the "DROP" program. This has occurred within the Legislative budget and is the explanation for the decline.

City Elections Division

Pursuant to state law, all elections are managed by the Knox County Election Commission. The Commission charges the City for its proportionate share of any primary or general elections. There are no elections during the 2014/15 fiscal year. The budget is lowered to \$10,000, this expense to cover costs associated with possible charter referenda on the statewide ballot.

OTHER FUNDS

State Street Aid (Fund 201)

The State Street Aid budget decreases by \$29,400 to \$4,573,600, the result of a forecast decline in gas tax revenues. The allocation for street lighting charges grows by \$142,000. Within this fund, \$588,600 is allocated to transfers for capital transportation related improvements. This represents a decrease of \$171,400 in State Street Aid funded capital when compared to FY 13/14.

Abandoned Vehicles (Fund 209)

The FY 14/15 budget for the Abandoned Vehicles Fund totals \$879,260, a reduction of \$151,400 when compared to the FY 13/14 budget. Included within the FY 13/14 budget was an allocation of \$175,000 for capital funding, which is not repeated in FY 14/15.

City Court (Fund 213)

The total budget for City Court is \$3,167,850, a drop of \$1,006,500. The appropriation for personal service costs is actually down slightly by \$9,040, and is the result of personnel turnover. The budget for supplies declines by \$550 and the category of Other Charges drops by \$6,090 primarily due to a reduction in internal service charges are (\$8,140). The balance of the budget is the transfer of fees collected in excess of operating court costs (\$2,161,350) to the General Fund. As forecast revenues are down significantly, this represents a decrease of \$1,122,820 from FY 13/14.

City Inspections (Fund 216)

The City Inspections Fund budget is up by \$71,590 to \$2,534,230 when compared to the FY 13/14 budget. Personal service costs grow by \$42,440 to fund the proposed salary change and higher pension and benefit changes. Supply costs remain constant at \$41,160. Operating costs increase by \$29,150, primarily attributable to higher internal service charges. The General Fund support for Inspections decreases by \$77,660 to \$822,450 in FY 14/15.

Stormwater (Fund 220)

The proposed budget for FY 14/15 is up by \$321,010 to \$3,267,900. Personal service costs increase by \$120,250, the result of higher employee salary and benefits and the addition of a Stormwater Engineer position. This position is to oversee the completion of infrastructure work that has been left unfinished by developers. Funding for this work comes from recaptured performance bonds posted by the developers. The budget for supplies increases by \$18,000 to cover additional work needed to satisfy NPDES permit requirements. The allocation for Other Charges increases by \$182,760, in part to fund the conversion of original records to digital format.

Solid Waste (Fund 230)

Solid Waste operations are under the purview of the Public Service Department. The FY 14/15

budget for Solid Waste is \$11,111,770, an increase of \$199,120 (or 1.82%) from the prior year. Personal services grow from \$685,890 to \$731,500, the result of salary and benefit increases. Supply costs remain constant at \$92,000. Other costs decrease slightly by \$16,490 to \$9,818,270. Capital allocations for the fund grow from \$300,000 to \$470,000.

Safety City (Fund 240010)

The total budget for this fund grows by \$452,700. Salary expenses are up slightly by \$15,550. The greatest change is for capital funding which increases by \$437,770 when compared to FY 13/14. Included in the budget is a transfer of \$450,000 to the Capital Projects Fund to pay for the Safety City Phase III building project.

Home Grant (Fund 264)

The total for FY 14/15 housing grants is \$2,491,280, an increase of \$531,810 when compared with FY13/14. This is due to unspent grant funding from prior year grants being re-appropriated in FY 14/15. The increase is reflected in the allocation for projects.

Community Development (Fund 290)

This budget is funded solely from the Federal Community Development Block Grant revenues. The proposed FY14/15 budget of \$1,560,670 is down \$73,200 from the FY 13/14 budget, due to reductions in federal funding. Some costs are also shifted to the General Fund. Personal services are down from \$987,270 to \$777,900 due to the elimination of three full-time positions. The funding for the supplies category decreases \$1,700 to \$7,640. The Other Charges category increases from \$637,260 to \$775,130.

Public Assembly Facilities (Fund 503)

The Public Assembly Facilities Fund includes operations at the Civic Coliseum/Auditorium and Chilhowee Park. The proposed FY14/15 budget decreases by \$731,180 when compared to FY 13/14. Personal services are up \$103,580 to fund salary and benefit increases. Supply costs are up \$16,690 due to a shift from other charges. Other charges drop by a total of \$151,450. Within this latter category, internal service charges drop slightly (\$5,090) and depreciation expenses fall by \$129,660. Also, \$16,690 is reallocated to the supplies budget. Capital project funding drops from \$700,000 in FY 13/14 to \$0 in FY 14/15.

Metro Parking (Fund 504)

The Metro Parking Fund accounts for the following City parking facilities: Jackson Avenue, Main Avenue Garage, Market Square Garage, Promenade Garage and the State Street Garage. These facilities are now contractually managed by the Public Building Authority for the city. The FY 14/15 budget totals \$2,754,230, an increase of \$917,960. As part of an effort to better integrate the full spectrum of parking, some major changes occur in this fund. Revenue from parking meters have, in the past, flowed to the General Fund, but are shifted to this fund in FY 14/15. Correspondingly, the costs of staff assigned to maintain the meters are also reassigned to this fund. As such, personnel costs jump from \$0 to \$143,760 due to the transfer of three positions from the Engineering Department General Fund budget. Operating costs for the various parking operations go up approximately \$275,000. Capital funding is provided in the amount of \$500,000 for parking meter upgrades.

Mass Transportation (Fund 507)

The FY 14/15 budget for Mass Transit operations increases by \$416,640 to \$23,180,080. The budget includes all three divisions of KAT: Motor Buses, Trolleys, and Lift (para-transit) Services. The General Fund contribution to fund transit operations decreases by \$1,220,820 to \$9,517,550, the result of a higher level of federal funding.

Fleet Services (Fund 702)

The Fleet Services Operating Fund increases slightly (\$1,980) to \$8,821,300. Salary and

benefits increase by \$123,630. The supplies budget falls by \$184,890, primarily due to a decrease in the fuel budget. Operating equipment is up by \$10,000. An increase of \$42,740 in other charges is attributed to the rise in internal service charges. Capital expenses are budgeted at \$62,500, representing a decrease of \$20,500 when compared to FY 13/14.

Risk Management (Fund 704)

The budget for FY 14/15, when compared to FY13/14, increases by \$1,067,230 from \$6,691,440 to \$7,758,670. Beginning in FY 13/14 the responsibility for insuring KAT liability and property was shifted from private insurance carriers to the City self insurance program. In FY 14/15 the budget for the KAT related insurance is \$1,004,500. It is this shift which accounts for most of the changes within this fund.

Health Care (Fund 705)

The FY15 budget for the Health Care services fund increases by \$1,242,880 to \$19,572,220. Personal services costs increase by \$39,300 to reflect the proposed 2.5% raise and other benefit changes. The supplies category decreases by \$400. Various Other Charge costs, used to purchase external insurance and fund self-insurance claims, increase by \$1,203,980 to \$19,158,180. This is due to past year claims experience and anticipated increases in health care costs. The budget also adds funding to pay for the transitional fees associated with the Affordable Care Act.

City of Knoxville
Equalized General Fund Budget

Fiscal Years 2005/06 – 2014/15

The chart above shows the actual adopted General Fund budget compared to the budget adjusted for the impacts of inflation over the past ten years. As can be seen the adjusted budget has fluctuated both up and down over the years. The proposed FY 14/15 budget, as adjusted, is up when compared to 10 years ago, as well as from one year ago.

City of Knoxville

DEBT SERVICE

The City of Knoxville, like other cities, occasionally needs to borrow money in order to complete various capital projects. In the past the city has issued debt for such items as road paving and construction, fire station construction, waterfront development, storm sewer improvements, land acquisition and improvements at the World's Fair site, the new Convention Center, and various other projects. As of June 30, 2014, the long-term debt of the City, excluding revenue supported debt of the Knoxville Utilities Board (KUB) and the Metropolitan Knoxville Airport Authority (MKAA), is expected to be

The debt service on the general obligation bonds as well as the other category of debt is shown in Fund 305, the Debt Services Fund. The final category of debt, Enterprise Fund debt, debt attributable to the Convention Center, is consistent with proper accounting procedures, budgeted within the appropriate enterprise fund.

The primary revenue to this fund comes from a property tax levy of 53.34¢ per \$100 of assessed value. Property tax is projected to yield approximately \$22.91 million. Interest earnings are forecast at \$195,410. The Knoxville Community Development Corporation (KCDC) is committed to repay the debt service on a portion of the 2005A bonds. In FY 14/15 that amount is \$56,810.

Debt Limitations

There are no limits on the amount of debt that can be issued by a municipality within the State of Tennessee (TCA 9-21-103). All notes and bonds must be approved by the state Director of Local Finance prior to issuance. This review/approval may address debt structure, maturities, and consistency with the City's established debt policy.

We believe that the current debt of the City is within acceptable guidelines, as established by the State and the various rating agencies.

The following pages show a complete debt service schedule of principal and interest payments for FY 14/15, as well as a complete amortization schedule by year.

TABLE 1

Type of Debt	Principal Outstanding 6/30/14	Principal Paid In FY 14/15	Principal Outstanding 6/30/15
G.O. Bonds & Notes	\$71,258,260	\$6,662,720	\$64,595,540
Enterprise Fund Debt	<u>119,576,740</u>	<u>4,337,280</u>	<u>115,239,460</u>
Total	<u>\$190,835,000</u>	<u>\$11,000,000</u>	<u>\$179,835,000</u>

\$190,835,000. This amount includes the planned issuance of \$31,400,000 in new debt in late FY 13/14 or early FY 14/15. As KUB and MKAA are not a part of the City's operating budget the following analysis focuses only on the debt of the general government.

The debt of the City can be separated into two basic categories: general obligation bonds; and enterprise fund debt. A breakdown of general government debt by category is shown in Table 1.
