## Executive Summary

This section provides an overview of some of the major initiatives of the Fiscal Year 2021-2022 (FY 21/22) budget, describes some of the factors that have impacted the preparation of this budget, and highlights some of the significant changes between this budget and the prior year budget. More detailed explanations of these changes are found later in the document.

### Investing in Our City, Investing in People

The FY 21/22 budget, like all budgets, serves two main functions. First, the budget serves as the legal authority for the City to spend funds. Secondly, and perhaps more importantly, the budget reflects the values of our City and serves as a guide for how we will advance and deliver on our key priorities.

The core values of Mayor Kincannon's administration are reflected in five key priorities that shape and drive this budget through the strategies and investments the City will implement in the coming year.

- Public Safety
- Healthy and Connected Neighborhoods
- A Clean and Resilient Future
- Thriving Businesses and Good Jobs
- Good Governance

When we invest public funds, we are investing in the continued growth and improvement of our community and in the people who live, work, and visit Knoxville. The University of Tennessee's main campus sits in the heart of the City with other destination attractions including the City's Urban Wilderness and a state of the art Zoo Knoxville. Our budgeting decisions today have a lasting impact: good decisions create economic returns and enhanced quality of life, while poor decisions can limit future flexibility and create unanticipated consequences. This budget reflects a responsible and forward-looking investment in our city infrastructure, services, and partnerships that support our residents and encourage responsible economic growth and revitalization. However, it is also one that respects fiscal constraints such as expenditure growth outpacing revenue growth, loss of the Hall income tax, and the negative impacts of the pandemic.

### General Overview

The FY 21/22 proposed budget continues to provide the citizens of Knoxville with core services and infrastructure. The overall revenue picture for FY 21/22 is slightly better than previous years despite the COVID-19 Pandemic. Specifically, state shared sales taxes and local option sales taxes are projected to be higher than the previous year based on the current trajectory of consumer spending. However, the pandemic is projected to negatively affect City revenue generated with regard to entities/activities like City owned golf courses, Parks and Recreation programs, the Convention Center, the Knoxville Civic Auditorium and Coliseum, and other smaller programs. The City anticipates this decline in market driven sources of revenue to occur primarily in the first and part of the second quarters of FY 21/22. Additionally, the COVID-19 pandemic has markedly raised the cost of construction projects and negatively affected some market-driven sources of revenue such as hotel/motel taxes, mixed drink taxes, and general admissions taxes.

Despite slightly better revenue projections, expenditures continue to grow primarily due to salary increases and higher operating costs and there is no tax increased proposed. More specifically, the average expenditure growth rate of 2.84% per year (largely driven the annual 2.5% salary increase prescribed by ordinance and increased operating costs) is outpacing the revenue growth of 1.06% causing the City to need to spend fund balance in the FY 21/22 budget.

---

---

**Executive Summary**

Additionally, growth in property tax collections is expected to remain relatively flat. Modest growth is expected in real and personal property revenue, revenue from public utility values such as AT&T, trucking firms, etc. assessed by the State, and the Knoxville Utilities Board Payment In Lieu of Taxes (PILOT) revenue. The low growth in property values is a significant factor that creates long-term impact on this year's as well as future years' budgets

An important budgeting principle is to work as efficiently as possible and minimize the demands upon the taxpayers. As such, the adopted property tax rate for FY 21/22 is \$2.4638 per hundred dollars of assessed value, and is unchanged from the prior year. In FY 21/22, \$0.1954 goes to the Debt Service fund and \$2.2684 goes to the General Fund. When adjusted for the impact of inflation and countywide reappraisals, the adopted tax rate is actually lower than it was ten years ago.

The total proposed budget for FY 21/22 is \$484,333,570 which is 11.4% (or \$49,441,140) higher than the FY 20/21 budget. The net budget (i.e., excluding inter-fund transfers and charges which are effectively double counted within the budget) is \$384,287,730. The budget for the General Fund, which is the main operating fund of the City, equals \$253,558,130.

The total budget increase of \$49,441,140 is attributable to an increase in both capital and operating expenditures. Specifically, capital spending for FY 21/22 totals \$45,766,320 which is an increase of 90% (or \$21,692,780) compared to the FY 20/21 budget. This is warranted to make up for many needed capital initiatives that had to be deferred last year due to the initial outset of the world-wide pandemic. The rise in capital expenditures are, in large measure, funded by the use of unassigned fund balance. The operating budget also increases due the annual growth of salary, benefits and operating expenses as well as approximately \$8.1M in new operational expenditures that were deferred at the outset of the initial pandemic last year or respond to new, urgent community needs. Finally, the City has budgeted for debt coverage for up to another \$18 million in bonds to cover the increased construction costs of the Public Safety Complex caused by the dramatic rise in construction prices due to the pandemic. This additional debt would increase debt service payments in FY 21/22 by approximately \$1.27 million. The General Fund budget is up by \$18,969,090 (8.1%) due to higher salary, benefits, and operating expenses.

Budgeted personnel for FY 21/22 total grows from 1,566 full-time positions FY 20/21 budget to 1,572 in the FY 21/22 budget. This represents an increase of six full-time position with part time positions remaining the same. The new full time positions are a Violence Interruption Program Manager for Community Empowerment, a multimedia Public Information Specialist for Communications, a Housing Finance Specialist for Housing and Neighborhood Development, a Latent Print Examiner for KPD, a Crime-Stopper Coordinator position, and a Training Exercise Planner and Coordinator for the Emergency Management Agency which will be funded 50/50 with Knox County. Part time positions remain the same at 33.

The budget, in accordance with the charter and sound financial practice, fully funds the annual required pension contribution and enables the plan to remain actuarially sound. Total budgeted contributions to the pension plan are approximately \$30.8 million, which reflects normal contributions and the amortization of the unfunded pension liability.

**Public Safety**

Public Safety is a primary and core function of City government. People deserve to be and feel safe in Knoxville, and our community cannot thrive unless residents are safe and secure. Collaborative and forward-thinking leadership at the City of Knoxville Police and Fire Departments, and at many other local public safety partners, help the City seek continual innovation and improvement in responding to local safety challenges.

It is critical that Police, Fire and other safety functions have the staff and resources needed to

---

---

## Executive Summary

protect our residents and businesses. As in the past, the largest portion of the budget is devoted to the operations of the Police and Fire Departments, with the majority of that funding—approximately 68% directly supporting the men and women in uniform who work daily to keep our community safe. This budget supports annual salary increases for Police & Fire personnel and continues to support ongoing employee recruitment and retention efforts, which remain critical, especially within the Police Department. While uniformed personnel levels within Police and Fire Departments remain consistent, the budget adds \$68,340 for a new civilian Latent Print Examiner position to support forensic work within the Police Department. It also includes \$1.090 million in new capital funding for the Police and Fire Departments, which will improve training facilities, purchase a fire tanker and a fire station alerting system.

In addition to investing in the Police and Fire Departments, the proposed budget also maintains and expands partnerships with Knox County and other community partners who provide critical services addressing specific public safety challenges. The budget preserves long-standing work with the Family Justice Center, the Metropolitan Drug Coalition, the Behavioral Health Urgent Care Center, and Young Williams Animal Center and provides funding totaling approximately \$1.9 million to these critical partners. This year's budget continues and expands the KPD Co-Response Team, a partnership successfully piloted last year that pairs behavioral health specialists with KPD officers to respond to emergency calls that present a behavioral health need; \$400,000 allocated in FY22 will support Co-Response Teams on daytime and evening shifts, seven days a week. The City also continues to support E-911, with funding of just under \$2 million to provide 9-1-1 dispatch services to the Knoxville community. From the more than \$2 million provided for Community Agency Grants, this budget provides over \$1 million to local non-profits directly engaged in the critical work of responding to local health needs, including mental health and addiction, and providing safe and enriching programming for Knoxville's youth. The City also continues to support E-911, with funding of \$1.9 million to provide 9-1-1 dispatch services to the Knoxville Community

Preventing violent crime is a top priority that benefits from both investment and innovative partnerships that supplement the on-going work of the Police Department. This budget creates a designated Violence Interruption Fund of \$1 million that will support work by the City and its partners to implement evidence-based, community-informed strategies specifically designed to reduce homicides and potentially lethal violent crimes in Knoxville. Included in this fund is support for a new Violence Interruption Project Manager position to coordinate between City departments and with community partners to ensure effective collaboration, implementation, and impact assessment of City-funded programming. This fund also supports a new Crime-Stoppers program, including a program coordinator position that aims to prevent and solve crimes by offering rewards and multiple options for anonymously reporting crime or providing tips to ongoing investigations.

Another important aspect of public safety are the functions performed by the Knoxville-Knox County Emergency Management Agency (KEMA) during emergencies. As such, the City and Knox County will jointly fund a new Training and Exercise Coordinator position to train emergency responders in incident command, EOC and other critical emergency and disaster response areas. Additionally, the City/County will jointly fund KEMA's Mobile Command Post Services to provide for satellite phone, internet and radio maintenance for the mobile command post.

### Healthy and Connected Neighborhoods

Our City is strongest when our people and neighborhoods are healthy and connected, both physically and socially. This budget invests in the critical infrastructure that ties our city neighborhoods

---

---

## Executive Summary

together, allocating \$7.3 million in direct funding for street paving and nearly \$2.9 million for traffic signal & pole maintenance, traffic signal modernization, guardrails, curb cuts, and bridge maintenance. It also invests in making our streets safe for all users, including bicyclists and pedestrians: \$250,000 to support the City's popular neighborhood traffic calming program, \$100,000 for citywide roadway safety improvements, and \$2,257,600 for bicyclist-pedestrian infrastructure and multi-modal improvements at Liberty Street and on Washington Pike. Through grants and previously-approved funding, major greenway projects in East Knoxville (connecting Harriet Tubman Park and the Knoxville Botanical Gardens and Arboretum) and Northwest Knoxville (connecting Victor Ashe Park to the Western Ave. pedestrian bridge) are moving forward.

The FY 21/22 budget invests in neighborhood scale amenity improvements and revitalization across the community. The budget includes \$4,195,000 for park improvements in parks throughout the City, including more substantial investments at Fountain City Park, Cal Johnson Rec Center, Lakeshore Park, Augusta Quarry, and Williams Creek Golf Course. It also includes \$250,000 to continue ADA accessibility improvements in our public facilities. The City will invest in the Western Heights Revitalization project with \$250,000 for FY 21/22, and adds \$2,000,000 for streetscapes improvements to support the Burlington District. The next phase of improvements along Waterfront Drive to support the South Waterfront is funded with \$1,500,000. Additionally, this budget allocates \$300,000 toward Historic Preservation to assist property owners and developers in preserving historic structures throughout the City.

### *Affordable Housing*

As our community looks to continue to grow and thrive, the need for affordable housing now and in the future is clear. In recognition of this need, as well as the City's consistent, significant investment in affordable housing efforts, the Kincannon Administration, alongside local housing partners and advocates, will propose to City Council an ordinance to create a new Affordable Housing Fund with a minimum funding commitment of \$5 million annually for 10 years. In anticipation of that new ordinance, this FY21/22 budget includes this new designated fund and appropriates \$8,177,860 to the fund to be spent on eligible uses, including funding for administrative expenses which include a new Housing Finance Specialist staff position. Of these funds, the FY21/22 budget appropriates \$2,500,000 to the Affordable Rental Development Fund and \$3,781,900 to the Austin Homes capital project.

Among the most visible signs of the affordable housing crisis in Knoxville are encampments of individuals experiencing unsheltered homelessness. As in past years, the FY21/22 budget allocates over \$1,000,000 of local funds directly to prevent homelessness and address the needs of those experiencing homelessness, including street outreach and support for The Foyer, a low-barrier shelter. Critically, local funds to address homelessness are supplemented by Federal funds that flow through the City to local partners; the total Federal funding expected across the FY21 and FY22 fiscal years totals more than \$4 million. The solution to homelessness is housing; through the new Affordable Housing Fund, this budget appropriates \$1,500,000 specifically for permanent supportive housing, which is critical to providing housing for many individuals who struggle with chronic homelessness.

Finally, this budget supports efforts to enhance the quality of life in our community, helping bring people together to help support each other, find connection, and celebrate our rich culture, history, and art. In addition to supporting public art, it provides a total of \$2,045,500 in Community Agency Grants to support dozens of arts & culture partners, non-profit service providers, youth-serving organizations, and other local partners that serve and connect Knoxville residents.

---

---

**Executive Summary**

**Clean and Resilient Future**

For over a decade, the City of Knoxville has worked to make Knoxville a greener, more sustainable city – one where the economy, environment, and community can thrive today and in the future. In 2020, the Mayor’s Climate Council convened to identify and prioritize strategies to achieve the City’s goals of reducing greenhouse gas emissions 50% by 2030 for City operations, and 80% by 2050 for the Knoxville community as a whole.

Climate Council recommendations have informed this budget’s investment in strategies to reduce emissions by supporting alternative transportation and vehicle electrification. In addition to the \$2.5 million budgeted for traffic calming, bicyclist, pedestrian and complete street projects, this budget provides \$15.3 million in direct City support for KAT, Knoxville’s public transit system. Of that, \$1,200,000 is budgeted as grant matching funds, which, if awarded, will enable the City to purchase six additional electric buses and three depot chargers. The budget provides \$60,000 to expand public vehicle charging stations to promote electric vehicle use, especially in areas that are currently lacking such infrastructure, as well as \$90,000 for charging infrastructure necessary to support electrification of the City’s municipal fleet.

Investments in the efficiency of municipal facilities through equipment and operational improvements reduce utility bills and create a return on investment for taxpayers while also reducing environmental impacts. In addition to funding \$300,000 for repairs and upgrades to roofs and heating, ventilation, and air conditioning (HVAC) equipment, the budget also continues to fund the Sustainability Innovation Fund with \$50,000 to support training and equipment that reduces utility costs at City facilities. The budget also supports the Knoxville Convention Center’s enrollment into the KUB/TVA Green Switch Match program, which will offset the carbon of all electricity used.

It is imperative to look ahead at what our community needs to thrive in the long-term. The City is committed to making Knoxville more sustainable and resilient to the threats and hazards that our community faces, including climate change. This budget continues to provide over \$4 million for critical support of our City’s stormwater infrastructure, including \$550,000 in new capital for stormwater drainage improvements and dilapidated pipe remediation. It also provides approximately \$721,000 for the Knoxville Urban Foresty program and the protection and expansion of our urban tree canopy.

**Thriving Businesses and Good Jobs**

A healthy economy supports a healthy community, and vice versa. Knoxville must be a great place to work, to invest, and to start a business. We want to foster entrepreneurship, embrace innovation, and create an environment where businesses thrive. At the same time, we must strengthen career pathways and connect talented people to the tools and resources they need to support themselves and invest in their families.

As an employer, the City of Knoxville will lead by example. The FY 21/22 budget funds an economic disparity study that will support the efforts of the Small Business & Diversity Outreach office to encourage successful participation of Diversity Business Enterprise (DBE) vendors in City contracting opportunities. Disparity studies are an important tool to help the City assess availability of DBE vendors and help the City better reflect the diversity of our economy in City purchases and contracts.

In order to support business growth and development, the proposed budget includes a total of just over \$1M to support Knoxville economic development partners: the Knoxville Chamber, the Development Corporation, the Knoxville Entrepreneur Center, and the Path to Prosperity. Of this total,

---

---

## Executive Summary

\$90,000 of new funding to the Knoxville Chamber will support business development in Knoxville's Latino community in partnership with Centro Hispano; \$150,000 of new funding to the Knoxville Entrepreneur Center will support a variety of programs focused on supporting small businesses, including the 100Knoxville project to grow Black-owned businesses and The Maker City initiative.

Supporting opportunities for families to thrive financially and academically requires community-wide partnership. The budget reaffirms our commitment to Knoxville's Community Schools Initiative, providing \$425,000 to assist Community Schools in center city neighborhoods. From the more than \$2 million provided for Community Agency Grants, this budget provides \$970,500 in funding for local non-profits engaged directly in the critical work of providing enriching and safe programming for young people, promoting literacy and financial stability, and supporting the unique and urgent needs of Knoxville residents.

### Good Governance

The purpose of the City of Knoxville is to provide a stable foundation for safety, health, and the common good. Fulfilling that purpose starts with good governance and a demonstrated commitment to act with integrity, transparency, and fiscal responsibility as we provide high quality and effective services.

As a service organization, employees are the City's greatest assets in fulfilling our purpose, and this budget supports our efforts to be a model employer. During FY 21/22, as in past years, the budget includes a salary increase of two and a half percent (2.5% as prescribed by ordinance) for employees and holds employee-paid healthcare costs constant as adjustments were made to family health coverage, dental coverage and primary care service at The Center to remain competitive with the ever-changing jobs market. Additionally, \$250,000 is provided to fund a compensation study in order to review the City's current compensation plan and recommend changes to help the City to remain competitive as an employer. The relatively new Human Resources Department is also funded with six full time employees and \$788,000 to support the City through recruitment and retention, training and development and many other services which enable the City to remain a competitive and sought after employer.

It is also important that City policies and procedures are clear and predictable, with services streamlined as much as possible to avoid red-tape. This budget invests in a comprehensive assessment of the City's processes and procedures relating to development services, and includes funding for a consultant to facilitate process improvements in and between the departments that serve and support those seeking to invest in and improve property in Knoxville.

The City of Knoxville is a city that embraces racial diversity and seeks to treat everyone equitably with respect and dignity. The budget reflects the City's commitment to recognizing and working to dismantle systemic racism and includes \$100,000 to support facilitation services for the African American Equity Restoration Task Force, which was created by City Council in 2020 to identify strategic solutions to improve areas of disparity and disenfranchisement in the Black community. It also expands funding for the Office of Community Empowerment, including additional funds to support the work of the City's internal Equity Committee and the Title VI program.

Finally, free and fair elections are a cornerstone of our democracy. This budget adds \$500,000 to the critical work of the Knox County Election Commission to support poll workers and the integrity of local voting systems during City elections.

---

---

## Executive Summary

### Long-term Financial Plans, Goals and Strategies

Looking toward the future, the Mayor has outlined five major goals for her administration and future budgets: Public Safety, Healthy and Connected Neighborhoods, a Clean & Resilient Future, Thriving Businesses and Good Jobs, and Good Governance. As such, the City of Knoxville has invested in several projects that further these goals. Just some of these investments are as follows: the Austin Homes Project for the development of low-income housing. This project will cost approximately \$14 million in local dollars from FY 20/21 through FY 22/23 and leverages another \$83 million in federal, private, and other agency funds to complete the project. Funding from the new Affordable Housing Trust Fund will provide \$3,781,900 toward this initiative in this FY 21/22 budget. Some other major projects that the City funds each year to improve transportation and quality of life are the Citywide Resurfacing Program, Bridge Maintenance Program, Curb Cuts Program, ADA Access Improvements Program, and the Guardrail Replacement Program. Each of these programs has been, and will likely continue to be, funded into the future.

### Future Challenges and Opportunities

Challenges: Some key future challenges the City faces are expenditure growth outpacing the growth rate of property tax revenue, the loss of the Hall income tax and the effects of the pandemic which are still ongoing. The total expenditure growth rate has averaged approximately 2.84% per year for the three previous fiscal years whereas the revenue growth rate has averaged approximately 1.06% causing the City to spend unassigned fund balance. This gap between revenues and expenditures poses a problem for the future if not corrected. Additionally, the property tax rate of \$2.4638 per \$100 of assessed property value is worth 44 cents less (in real dollars) when adjusted for the effects of re-appraisals and the impact of inflation. Another concern going forward is the loss of the Hall Income Tax beginning in FY 21/22. This tax on interest, dividends and S Corporation distributions to shareholders has yielded anywhere between \$11.6 million to \$4.1 million over the past five years and these dollars have been used fund important capital projects. However, beginning in FY 21/22 the City will not receive these funds. Finally, the nationwide pandemic continues to hurt the City in that construction costs have markedly increased due to material costs and some key sources of revenue (hotel/motel taxes, mixed drink taxes, and general admissions taxes) have been negatively affected. All of these factors (expenditures outpacing revenue growth, loss of the Hall income tax, and the pandemic) contribute to the need for the City to consider options to leverage new recurring sources of revenues in future years.

Opportunities. While the City faces some future challenges, it also encounters financial opportunities such as the City's equipment and vehicle replacement funds and significant State and Federal grants to help ease the burden of the pandemic. The City has both an equipment replacement and vehicle replacement fund and adds to these funds each year. The City allocates a substantial amount to these funds annually to reduce the effects of future costs. For example, when the City buys a piece of equipment, it estimates the cost of the equipment (if bought new) at the end of its useful life and puts back the dollars for it each year into these replacement funds. When it is time to replace the item(s), the City has essentially replenished the money necessary to cover the cost of the replacement. This smooths the expenditure rate for future purchases. Equipment is added to these replacement funds when the opportunity presents itself. For example, a fire truck, van, ice re-surfacer, and a garbage truck were recently added.

Another recent opportunity are State and Federal grants to alleviate the effects of the pandemic. Specifically, the City is due to receive just over \$4.1 million from the State during FY 21/22 similar to FY20/21. More specifically, at the mid-point of FY 21/22 the City is slated to receive approximately \$4.1 million from the State and these forthcoming dollars are included in the proposed budget to cover capital items. Additionally, the Federal Government's American Recovery Plan is slated to provide the City \$43.92 million in two waves. The first payment of \$21,960,000 is due to

---

---

**Executive Summary**

arrive on or about May 11, 2021 and the next payment of \$21,960,000 is due to arrive a year later for use in FY 22/23. However, at the time of publishing this proposed budget for FY 21/22 detailed guidance from the Treasury Department outlining eligible and ineligible expenditure of these funds has not yet been published. As such, the City has made the conscious decision not to include any of these dollars in the proposed FY 21/22 budget. Pending final guidance, the City plans to either propose a budget ordinance amendment to City Council in the ensuing months or utilize the City's grant process.

**Conclusion**

Despite the pandemic, the City of Knoxville remains financially sound and has developed a proposed budget that (through the use of fund balance for mostly one-time appropriations) continues to provide high quality core services for the citizens of the City of Knoxville. Given the current year's planned use of remaining available fund balance to invest in infrastructure and advance core goals that reflect community needs, the reader should be aware that future years appear to require new recurring revenue sources. The remainder of this budget includes additional summary material, and a more detailed discussion of revenue and expenditure trends. It is hoped that these materials will provide the reader with a more thorough understanding of the operating budget.

## BUDGET COMPARISON - ALL FUNDS

Fund No.	Fund Name	FY2020/2021 Adopted Budget	Proposed FY2021/2022 Budget	Dollar Change	Percentage Change

\* In FY 17/18 the staff of the Family Justice Center were shifted from the Police Department to a separately run non-profit. The City continues to make a financial donation via contract with the non-profit.

Authorized Full Time Personnel

Fiscal Years 2011/12 – 2021/22

# In FY 16/17 management of the Public Assembly Facilities was assumed by an independent contractor. Any remaining city employees became employees of the contractor. This change accounted for a reduction of thirty-three (33) positions and should be considered when making comparisons.

Changes in Full Time Budgeted Personnel

Fiscal Years 2017/18 – 2021/22

\* In FY 17/18 Employee Benefits became a separate department. The information above shows a gain of thirteen (13) employees. Of this amount eight (8) were shifted from the Law Department and five (5) were shifted from Finance. The total net change was equal to zero.

FY 2012/13 - 2021/22

The above chart presents a ten-year comparison of the actual (nominal) tax rate to the effective tax rate, that is, the tax rate after it has been adjusted for the effects of reappraisal by the Knox County Property Assessor and the impact of inflation. As can be seen by the lower line, the effective tax rate has declined from \$2.33 in Fiscal Year 12/13 to \$2.02 in Fiscal Year 21/22. This means that the change in the tax rate has been less than the rate of inflation and equalization

\* The Property Assessor currently has a 1 year extension of the requirement to complete a reappraisal of property at least every four years. This reappraisal was last completed in 2017. Whenever a property reappraisal occurs, cities and counties are required to adopt a "Certified Tax Rate". This is the rate that would generate the same amount of tax revenue as before reappraisal. The "Certified Tax Rate" in FY 17/18 for the City was \$2.4638 and for the County \$2.12. This rate in effect discounts the increases in value resulting from reappraisal.

\* The Property Assessor is required by law to undertake a complete reappraisal of property at least every four years. These reappraisals were completed in 1993, 1997, 2001, 2005 and 2009.

Note that the assessments for each calendar year are reflected in the budget for the following year. For example the 2020 assessments are used in the FY 20/21 budget. Residential property is assessed at 25% of the appraised value. Commercial/Industrial property is assessed at 40% of the appraised value and public utility property is assessed at 55% of the appraised value. The majority of public utility property is appraised by the Tennessee Public Service Commission. Personal property is assessed at 30% of the appraised value.

---

**General Fund Revenues**

Total General Fund budgeted revenues and sources for FY 21/22 equal \$253,558,130. This is a 7.5% increase compared to the FY 20/21 budget of \$234,589,040. Operating revenue totals \$240,449,820 which is \$13,419,426 or 5.6% above the budgeted FY 20/21 operating revenue. The use of unassigned fund balance is budgeted at \$12,951,090 for FY 21/22, which is a \$1,478,310 (11.41%) increase over FY 20/21.

The overall revenue picture for FY 21/22 is slightly better than previous years despite the COVID-19 Pandemic. Specifically, state shared sales taxes and local option sales taxes are projected to be higher than the previous year. The pandemic did negatively affect City revenue generated from entities/activities like City owned golf courses, Parks and Recreation programs, the Convention Center, the Knoxville Civic Auditorium and Coliseum, and other smaller programs. The City anticipates this decline in market driven sources of revenue to occur primarily in the first and part of the second quarters of FY 21/22.

With the evolution of the administrations priorities, which include public safety, healthy and connected neighborhoods, a clean & resilient future, thriving businesses & good jobs, and good governance, the City has reassessed the allocation of its property tax rate between the General Fund and the Debt Service Fund to better support these priorities and initiatives.

Property tax revenue is the largest single revenue source of the city, and it continues to see minimal growth. It is expected to only grow by 1.5% over the previous FY to FY 21/22. Additionally, the revenue received from personal property taxes and public utilities, such as railroads and others who use the City's infrastructure for their operations, is expected to increase slightly. Additionally, this is the first FY the "Hall" income tax has been eliminated. This was budgeted at \$1.6 million in FY 20/21.

In short, the City's overall revenue picture for the general fund is better than anticipated despite the current and projected effects of the pandemic. However, the City remains financially postured to weather any anticipated effects of these revenue shortfalls just as it has done in the past.

**TAXES**

The largest single category of revenue to the General Fund is taxes. This one category equals \$214,887,990 or approximately 89.37% of the total operating revenue in this fund.

**Property Taxes**

The largest revenue source within this category is property taxes. Property taxes are, in turn, divided into three types: taxes on real property, taxes on personal property, and taxes on public utilities.

There are four factors that determine revenues from property taxes:

- 1) The assessed value of property;
- 2) The state equalization rate;
- 3) The collection rate on property taxes; and
- 4) The tax rate itself

*Assessed Value and Equalization Rate:*

Historically, growth in the value of new real property in Knoxville would be considered fairly moderate, and not characterized by the boom/bust cycles of many cities. The normal annual rate of growth falls in the 1% to 2% range, with some exceptions along the way. The past 10 years, with the exception of reappraisal years, have been characterized by this same fairly moderate growth. FY 12/13, FY 14/15, and FY 15/16 the growth in assessed value was only 1.9%, 1.2% and 1.0% respectively. FY 13/14 being a reappraisal year, shows a

growth of 4.2% in total appraisals but this is price appreciation rather than new growth which was in the low 1% range. Even at this rate most of the growth has been in the commercial area with residential and industrial property generally showing only modest increases in valuations.

For FY 21/22 we think that the growth in assessed values will remain low and will reflect the same pattern of recent years. We expect limited change in residential, industrial, and commercial property. At this time, we are forecasting an increase of 1.5% in overall property values for the upcoming year.

For FY 21/22 the forecast for real property assessments is \$4,911,282,263. The projected amounts for FY 21/22 are based upon the latest available data from the Assessor's Office.

The Property Assessor is unable to supply final estimates on the assessed value of personal property until after the adoption of the budget. Personal property tax growth rates have shown much more volatility than real property. In the past ten years the change in assessed value has been mostly negative, with a few dramatic upticks, primarily during the reappraisal cycle. In FY 13/14 the growth rate was 15.96%, the highest of the last decade, and a smaller rate of growth occurred in FY 14/15. In FY 21/22 we anticipate a return to relatively flat to small gains in assessed values. For the upcoming year we forecast the change in assessed value to be up by approximately 1.5%. As with real property, we did not have final numbers from the Property Assessor's Office until after passage of the budget. The actual tax roll for tax year 2020 was higher than we had projected, which adds the uptick in forecasted FY 21/22 revenues from the FY 20/21 budget.

The third set of property tax revenues comes from taxes on public utilities, which are assessed by the Division of State Assessed Properties under the Office of the State Comptroller. These values are not supplied until January or February of the subsequent year and have typically varied little unless affected by a change in the equalization rate. The FY 20/21 valuations showed an unexpected increase in values from our early forecast, a situation we expect to continue, in FY 21/22.

#### *Tax Rate:*

The tax rate is unchanged from FY 21/22 and the budget is based upon a total tax rate of \$2.4638 per hundred dollars of assessed value. The tax rate is apportioned between the Debt Service Fund and the General Fund. In FY 21/22, \$0.1954 of the tax rate goes directly to the Debt Service Fund. The portion of the tax rate used for General Fund purposes is \$2.2684. Combining all factors yields the budgeted revenue from property taxes as illustrated in Table 1.

In FY 21/22 current property taxes are expected to generate \$118,578,200.

#### **Tax Discounts**

The City offers a one percent discount on property taxes paid before the end of October. For FY 21/22 the anticipated discount in the General Fund is \$649,070, which is \$79,070 more than the FY 20/21 budgeted amount. The greater amount is due to the small growth in overall valuations as we do not believe the percentage of individuals receiving a discount will deviate much from the current year.

This discount represents a reduction in the amount of revenues available to the General Fund but allows the City to better manage cash flow, avoid the need to issue tax anticipation notes, and increase interest earnings.

#### **Payments In Lieu Of Taxes (PILOT)**

Other revenues within the tax category include the payment in lieu of taxes (PILOT) from the Knoxville Utilities Board (KUB) and Knoxville's Community Development Corporation (KCDC). The payment from KUB is based upon two components, one being the estimated property value owned by KUB and the second being an average of overall revenues. In FY 21/22 the KUB PILOT payment is forecast at \$21,335,000 which represents a budgeted decrease of \$2.165 million from the prior year. This change is based upon change in ac-

tual revenue received for FY20/21, due to the change in the equalization rate property held by KUB, and anticipated growth in average net revenues. The amount from KCDC is now forecast to yield \$196,250 which is a decrease of \$43,750 or 22.29%. This decrease is due, in part, to the redevelopment strategy of the City.

**Sales Taxes**

The City imposes, as the result of local referenda, a 2.25% local option sales tax on all sales within the city limits. Approximately 72% of the proceeds from the tax go to the Knox County School District, with the balance flowing to the City’s General Fund. The revenues from this source comprise the second largest source of revenue within the tax category. In FY 21/22, local option sales tax revenues are expected to equal \$47,015,000 or 19.55% of total General Fund operating revenues. While a decline was projected for FY 20/21, we are now projecting an increase for both current FY (FY 20/21) and the ensuing FY (FY 21/22) as shown in the graph below.

As shown in figure 1, growth in sales tax receipts was steady from FY 12/13 through FY 19/20. The large jump in FY 15/16 collections is due largely to a one-time reallocation of tax between Knox County and the City of Knoxville.

Sales tax receipts were initially expected to decline in FY 20/21 due to a projected decrease in consumer spending brought on by the COVID-19 Pandemic. However, a slight increase is now projected for FY 20/21 as well as a projected revenue of \$47,015,000 for FY 21/22.

## **Other Taxes**

Revenues from the beer tax and mixed drink tax, have, in recent years, shown small to modest growth, a trend we expect to slow in FY 21/22. Mixed drink taxes are forecast to generate \$2,105,000, which is up \$355,000 from the FY 20/21 budget. Revenues from beer taxes are expected to decrease by \$187,800 or 2.57% when compared to the FY 20/21 budget. Total revenues from the beer tax are forecasted at \$7,313,000. This tax has shifted from a price based tax to an excise based tax so we expect future growth to be relatively flat.

Wholesale liquor inspection fees have also been relatively flat over the past two years and is a pattern we expect to continue in the upcoming year. Revenues from this source are expected to generate \$4,347,000 in FY 21/22.

Revenue from business taxes are expected to remain relatively the same. For FY 21/22 we project growth of one percent (1.0%) over anticipated FY 20/21 collections. Projected revenue from this source in FY 21/22 is \$6,970,000, an increase of \$70,000 or 1.00% when compared to the FY 20/21 budget.

Cable television franchise taxes from Comcast, AT&T, and WOW are projected to be up slightly when compared to the FY 20/21 budgeted amount. These revenues are now forecast at \$1,600,000, which is \$74,000 higher than the amount budgeted in FY 20/21.

## **INTERGOVERNMENTAL REVENUE**

The second largest revenue category of the General Fund is intergovernmental revenue, i.e., revenue that comes from another governmental unit, primarily the State of Tennessee. This category of revenue accounts for \$22,341,120 or 9.29% of total operating revenue. Overall, we expect this category of revenue to be up by \$568,110 compared to the FY 20/21 adopted budget.

The largest single revenue within this grouping is the state shared sales tax. Current year revenues from this source are now forecast to end above budgeted revenues for this year and will continue to increase in the upcoming year. The total estimated amount in FY 21/22 from this source is \$17,700,000. This is \$2,770,000 above the amount budgeted in FY 20/21.

The second largest revenue within the intergovernmental category is the city's portion of the TVA gross receipts. This revenue is forecast to be slightly lower when compared to FY 20/21. The revenue from this source is now forecast at \$2,000,000, a decrease of \$100,000 when compared to the FY 20/21 budget.

The City also receives a number of other state-shared revenues. Revenue from alcoholic beverage tax is expected to be up slightly when compared to FY 20/21 budget and revenues from beer taxes are expected to be down slightly from FY 20/21 at a total of \$83,000.

Revenue from the state excise tax, a tax upon the net earnings of state and national banks chartered in Tennessee, is expected to remain the same for FY 21/22, yielding \$830,000.

Revenue from the streets and transportation tax is expected to be up slightly when compared to FY 20/21. This revenue is budgeted at \$355,120.

The City receives funding from the federal government to help offset the cost of several positions within the police department. This includes the payment of overtime for officers working in KCDC housing and other areas. The funding is listed as federal contribution, the total amount budgeted for FY 21/22 being \$745,000, slightly lower than the previous year.

## OTHER REVENUE

There are four other categories of operating revenue to the General Fund, these being licenses and permits, charges for services, fines and forfeits, and miscellaneous revenue.

The combined total from these sources is \$3,220,710, or 1.34% of the total operating revenues to the General Fund. A breakdown of these revenues for FY 20/21 and FY 21/22 is shown in Table 2.

Overall, the category of "Licenses and Permits" is down by \$37,130 when compared to the budget for FY 20/21. Within this revenue category approximately most of the accounts are expected to be slightly down when compared to the FY 20/21 budget. The largest expected decline is from background check fees, which is expected to decrease by \$13,600. Short term rental permit fees are also expected to be down by \$8,500.

	FY 20/21 Budget	FY 21/22 Projected Revenues
Licenses & Permits	\$355,540	\$318,410
Charges for Services	1,963,940	1,553,530
Fines & Forfeits	659,810	550,860
Misc. Revenue	<u>1,612,670</u>	<u>797,910</u>
TOTAL	<u>\$4,591,960</u>	<u>\$3,220,710</u>

The amount expected to come from "Charges for Services" is projected at \$1,553,530, which is \$410,410 or approximately 26.42% less than the amount budgeted for FY 20/21. This decrease is largely related to the COVID-19 pandemic and concentrated in a few accounts. Revenues from building and shelter rentals are expected to decrease by \$59,000 to \$46,000. Revenues from officer costs or reimbursement of costs for supplemental police services are expected to decrease by \$97,000 to \$243,000.

The category of "Fines and Forfeits" is forecast to generate \$550,860, a decline of \$108,950 or 19.78%. This loss is partially due to the expected decreases in county criminal court costs that are rebated from the county court, KPD Automated Information fees, and Red Light Camera Fines. These are expected to decrease by \$30,000, \$30,750, and \$43,000 respectively.

The category entitled "Miscellaneous Revenue" is projected at \$797,910, which is \$814,760 lower than the amount budgeted in FY 20/21. The reason for the loss is almost exclusively interest earnings which are forecast to decline by \$653,000 to \$547,000. Proceeds from the sale of fixed assets and equipment are expected to decrease by \$82,500 to a total of \$74,800. The remaining revenue sources within this category are expected to decrease as well.

### Transfers In

There is one transfer into the General Fund from other funds, this being the amount of revenue in excess of expenditures that is generated by the Municipal Court. Fines and costs collected by the Municipal Court are running below expectations for FY 20/21. We expect revenue from this source to continue to decline in the upcoming fiscal year. Excess City Court fees are now forecast at \$157,220 or \$668,890 below the amount budgeted in FY 20/21.

### Non-Operating Revenue

The FY 20/21 General Fund is balanced through the use of \$12,951,130 in unassigned fund balance. This can be broken into several categories. A reserve of \$2,315,000 is budgeted to cover any shortfall in revenues. It is expected that the use of the reserve will not occur so this is technical in nature. Another reason for the use of fund balance is to pay for one time capital investments in the amount of approximately \$10,000,000. Finally, unassigned fund balance is needed to cover the loss of revenue generated by the effects of the COVID-19 Pandemic.

## GENERAL FUND EXPENDITURES

### General Fund Overview

General Fund expenditures for FY21/22, including the reservation for contingencies, total \$253,558,130. This represents an increase of 8.1% when compared to the FY20/21 General Fund budget of \$234,589,040. The following narrative describes the major expenditure changes by department. The purpose of this section is to provide a general overview of all expenditure categories. A summary of the General Fund proposed budget is as follows:

	FY20/21 Adopted Budget	FY21/22 Proposed Budget	Change	% Change
Personal Services	\$ 109,919,740	\$ 112,834,710	\$ 2,914,970	2.7%
Supplies	5,933,740	7,928,730	1,994,990	33.6%
Other Charges	57,880,930	64,116,380	6,235,450	10.8%
Other Uses	60,854,630	68,678,310	7,823,680	12.9%
Totals	\$ 234,589,040	\$ 253,558,130	\$ 18,969,090	8.1%

As the above schedule reflects, increases for Personal Services (2.7%), Supplies (33.6%), Other Charges (10.8%) and a decrease for Other Uses (12.9%) are further explained below:

### Personal Services

The amount budgeted for "Personal Services" (i.e., salaries, benefits and related costs) is \$112,834,710. Overall costs for this category increase by \$2,914,970 or 2.7% when compared to the FY20/21 budget. This increase is primarily due to the annual 2.5% salary increase prescribed by ordinance, for all non-probationary employees and four new positions funded within the General Fund for the FY21/22 budget. Salary determined benefits such as social security, Medicare and pension contribution rise accordingly. The impact on specific departmental budgets is discussed in more detail below, and in the executive summary.

### Supplies

The category of "Supplies" is used to account for such things as office and operating supplies, annual software licensing fees, repair and maintenance items (chemicals, road salt, etc.), and operating equipment not provided for in the equipment replacement funds or the capital budget. The budget for the Supplies category grows by \$1,994,990 from \$5,933,740 to \$7,928,730, or 33.6%. Computer software maintenance charges represent \$1,953,350, or 24.6% of total supplies costs. The City has invested in newer and more productive software, in recent years and the associated annual maintenance/licensing costs rise as well.

### Other Charges

The category of "Other Charges" covers such expenditures as postage, professional services, equipment leases, internal service fund charges (fuel, fleet maintenance, insurance, etc.), and various other items. The budget reflects an increase of \$6,235,450 to \$64,116,380 when compared to the previous fiscal year. Much of the growth is in fleet vehicle operational and fuel costs (\$2,035,700) and grant match for Knoxville Area Transit (\$1,326,640), which is further discussed under "Mass Transit Department."

### Other Uses

"Other Uses" reflect the movement of financial assets among City funds by transfers. The majority of the transfers support the operational needs of various other funds. The total amount of transfers from the General Fund is \$68,678,310, an increase of \$7,823,680 or 12.9% when compared to FY20/21. Much of this is due to the creation of the Knoxville Affordable Housing Fund.

## **Administration Department**

The budget for Administration increases to \$6,338,690. The Personal Services budget increases by \$642,460 from FY20/21 and includes the proposed salary increase, position shifts to align with the Administration's new organizational structure as follows: one position moving from Finance, one position moving from Fleet Services, and an addition of a Videographer position in Communications to the budget for FY21/22. Supplies go up by \$25,170, much of which is for software maintenance and operating supplies for the new position. Other charges and services are up \$553,340 with the increase mainly due to the lease of the Emporium Building shifting from Community Development to Administration.

## **Finance Department**

The budget for the Finance Department is \$5,019,240, an increase of \$379,400. Personal Services cost decreases by \$213,260. This decrease is due to two positions moving from Real Estate to Engineering and one position moving from Finance to Administration to align with Administration organizational structure. Operating Supplies increases by \$1,010. Other Charges increases by \$591,650. This is due largely to a Disparity Study for \$400,000 and a temporary employee to assist with the implementation of new software. Both of these charges are one-time charges.

## **Information Systems Department**

The budget for the Information Systems Department is \$4,912,830, an increase of \$347,920 when compared to the FY20/21 total of \$4,564,910. Personal Services cost increases by \$154,970. Operating Supplies increases by \$122,450, a major function of the increase is computer software maintenance that dramatically increased due to additional needs attributable to an FY20 malware event. Other Charges increases by \$70,500 for equipment replacement charges.

## **Community Development Department**

The budget for Community Development (Economic Administration) is \$2,301,290 representing a decrease of \$1,257,730 or (35.3%) from the prior year's budget. The personnel costs decrease by \$32,390 due to the elimination of miscellaneous salary adjustments for personnel working in the General Fund from other Community Development grant funds. Other Charges decreased by \$1,231,560. Most of this decrease is due to removal of one-time funding of \$500,000 in FY20/21 for a master plan for various neighborhoods.

## **Public Service Department**

The Public Service budget for FY21/22 is \$27,050,590, an increase of \$1,572,950 from FY20/21. Personal Services cost increases from \$14,804,470 to \$15,365,280, an increase of \$560,810. The budget for Operating Supplies decreases slightly by \$18,640 to \$1,288,160. Other Charges increases by \$1,030,780 to \$10,397,150. This increase is for internal service charges, mainly fleet service charges which includes an adjustment for GASB 67/68 pension related items per the auditors.

## **Engineering Department**

The Engineering Department general fund budget goes up \$1,226,040 (17.4%) to a total of \$8,260,900 when compared to FY20/21. Personal Services expenditures increase \$423,620 for the proposed salary increase and two positions transferring from Finance due to the realignment of positions to match Administrative organization structure. Supplies costs increase by \$888,610. Additional funding is provided for traffic signal maintenance (\$500,000), signal LED replacement (\$90,000) and bike/pedestrian infrastructure maintenance (\$100,000). Other Charges decrease by \$86,190.

## **Parks and Recreation Department**

The Parks and Recreation budget for FY21/22 increases by \$214,190 to \$8,290,790. Personal Services cost increases by \$187,460 to \$4,403,590. Operating Supplies cost increases by \$18,620 to \$338,610. Other Charges decreases by \$8,110 to \$3,548,590.

### **Mass Transit Department (Grant Match)**

The Knoxville Area Transit (KAT) budget is shown in a separate fund. However, the City's match for federal/state grants to transit is found in the General Fund. The allocation for Mass Transit Grant Match for FY21/22 increased from \$724,120 to \$2,050,760. This is due, in large part, to a new grant application to expand the City's electric bus fleet which could total \$1,200,000 in grant matching funds. The remaining monies is the match for transit system's formula (Section 5307) allocation and the bus and bus facilities program (Section 5339). These matching funds account for ten percent of the total of the two grants representing an overall increase in federal and state funding reflected in FY20 actual allocations.

### **Law Department**

The FY20/21 Law Department budget increases by \$81,530 to \$2,147,620. Personal Services cost increases by \$75,310. Operating Supplies decreases by \$5,000 due to funding being moved to Other Charges. Other Charges increases by \$11,220 due to the increase of outside legal counsel, rent, and risk management charges.

### **Police Department**

The FY21/22 budget for the Police Department is \$60,661,360, an increase of \$2,605,150 or 4.5%. Personal Services expenditures are up \$689,700 for proposed salary increases. Supplies budget increases by \$966,760 mainly due to software maintenance of the car and body cameras. The budget for Other Charges increases by \$948,690.

### **Fire Department**

The FY21/22 budget for the Fire Department is \$43,979,750, an increase of \$1,756,980 when compared to the FY20/21 budget. Personal Services is up by \$339,610 for the proposed salary increases. Supplies charges decrease \$25,540. The Other Expenses category increase \$1,442,910. Most of the increase is for water hydrant service charges and internal service charges.

### **Legislative**

The Legislative budget decreases by \$21,490 to 1,031,010. Personal Services cost increases by \$18,540. Operating Supplies cost decreases by \$5,000. Other Charges increases by \$7,950.

### **Civil Service**

The Civil Service budget for FY21/22 decreases \$326,460. Personal Services cost decrease of \$314,310 is due to four positions transferring salaries and benefits to the new Human Resources department budget. The Supplies category remains constant, and Other Charges are down \$20,000.

### **Human Resources**

The Human Resource department is new for the FY21/22 budget. Personal Services cost equals \$346,030. There is one-time funding for a compensation study (\$250,000) and additional training dollars (\$50,000) included in the total department budget of \$788,100.

### **City Elections Division**

The budget for this function shifts every other year based upon the City election cycle. Pursuant to state law, all elections are managed by the Knox County Election Commission. The Commission charges the City for its proportionate share of any primary or general election costs. The budget for elections is \$500,000 because there will be a primary election in August of 2021 and a regular "general" election in November of 2021. In 2019 the elections budget was \$415,423 but the cost has increased for FY 21/22 because all paper ballots will be used and pandemic protocols may remain in place.

## **OTHER FUNDS**

### **State Street Aid (Fund 201)**

The State Street Aid budget is \$6,203,000, an increase of \$100,000. Within this fund, \$2,060,490 is allocated to transfers for capital improvements, an increase of \$425,490 from FY 20/21. Debt Service transfers of \$1,480,880 are included for various street maintenance programs.

### **Abandoned Vehicles (Fund 209)**

The FY21/22 budget for the Abandoned Vehicles Fund remains relatively constant at \$887,350 which is only an increase of 1.3% over the previous FY. Salary increases are included in this budget.

### **City Court (Fund 213)**

The total budget for City Court is \$1,348,500 as compared to FY20/21 (\$1,981,340). Personal Services costs go up \$25,320. Supplies increase \$3,070 for computer maintenance fees. Other Charges remain level. The transfer of excess court costs to the General Fund is \$157,220 for FY2022. This is down due to pandemic ramifications and is the bulk of the fund's overall decrease.

### **Emergency Management Agency (240070)**

The Emergency Management Agency budget for FY21/22 is \$653,550. Apart from regular salary increases and operating charges for the new fiscal year, a new Training and Exercise Coordinator position was added to the EMA division as well as Mobile Command Post Services to provide for satellite phone, internet, and radio maintenance for the mobile command post.

### **Home Grant (Fund 264)**

The budget for the Housing Fund or the HOME grant for FY21/22 decreases by \$1,601,390. This decrease is due to grant funds not requiring re-appropriation of unspent grant dollars. The entitlement dollars are still allocated to the fund and readily available. Program income formerly required reinvestment in the program as soon as it was earned before drawing down grant entitlement funds. Since program income does not have to be spent immediately upon earning within this fund, a portion of the current (FY20/21) fiscal year's program income will be used to fund FY21/22 projects. Despite the expectation that program income would level out in the upcoming years, it remains steady.

### **Community Development Block Grant (Fund 290)**

This budget is funded from the Federal Community Development Block Grant as well as program income derived from payments of housing project loans. The FY21/22 budget of \$1,907,840 is down \$313,960 from the FY20/21 budget of \$2,221,800. Personal Services increase \$96,630 for normal salary cost increases while the Supplies category remains the same at \$19,520. The Other Charges category decreases by \$410,590 to \$1,226,260. This fund is a grant fund, and just like the HOME fund, the appropriations do not lapse.

### **Public Assembly Facilities (Fund 503)**

The Public Assembly Facilities Fund includes operations at the Civic Coliseum/Auditorium and Chilhowee Park. A third party management firm manages these facilities. The FY21/22 budget for the Public Assemblies Fund is \$3,576,560. This budget includes \$1,700,000 for equipment and facility improvements for the Coliseum.

### **Metro Parking (Fund 504)**

The Metro Parking Fund accounts for the operation of city owned garages, parking lots, and on-street parking enforcement. These facilities are now contractually managed by the Public Building Authority for the City. The FY21/22 budget totals \$5,102,180, an increase of \$34,480. The FY 21/22 budget includes \$400,000 in parking garage equipment. Operating expenses have increased slightly as a result COVID safety precautions.

**Mass Transportation (Fund 507)**

The FY20/21 budget for Mass Transit operations increases by \$1,364,930 to \$29,731,750. Part of the increase is in Personal Services which changed from \$18,193,200 to \$19,026,707. Of this, \$832,870 is due to scheduled contractual increases in salaries and other personnel costs. The increase in Supplies is attributable to operating related expenditures in the areas of uniforms and computer maintenance charges for which supplies overall cost increased from \$3,017,680 to \$3,074,230, or \$56,550. Other Charges increased by \$514,510 due primarily to an increase in depreciation expense for vehicles of \$249,080 while depreciation of machinery and equipment decreased by \$24,240. The General Fund contribution to fund transit operations increases by \$336,620 for FY21/22 to \$13,315,340 from \$12,978,720 for previous fiscal year.

**Golf Courses (Fund 508)**

The City Golf Courses Fund accounts for the operations of the City's two 18-hole courses, Whittle Springs Golf Course and Knoxville Municipal Golf Course. Both are managed by Antares Golf/Indigo Golf Partners. The total budget for the Golf Course Fund is \$1,484,400.

**Knoxville Affordable Housing (Fund 631)**

This is a new fund created by proposed ordinance to advance affordable housing opportunities. Per said ordinance, the minimum level of funding for this fund will \$5,000,000 annually. The FY21/22 budget exceeds this minimum and appropriates \$8,177,860 to the fund to be spent on eligible uses, including funding for administrative expenses which include a Housing Finance Specialist staff position. Of these funds, the FY21/22 budget appropriates \$2,500,000 to the Affordable Rental Development Fund and \$3,781,900 to the Austin Homes capital project. Per proposed ordinance, no less than \$1,500,000 from the FY21/22 appropriation to this fund will support efforts related to permanent supportive housing.

**Fleet Services (Fund 702)**

The Fleet Services Operating Fund increases by \$1,192,090 to \$10,652,950. Personal Services cost increases by \$61,960. Operating Supplies budget increases by \$570,130, due to higher fuel costs, which account for \$825,930 of this increase. Parts decreases by \$302,400 to help offset increase in outside repairs or services. Other Charges increases by \$331,980 due to a budget transfer from parts to outside repairs or services.

**Risk Management (Fund 704)**

The FY21/22 budget for the Risk Management Department increased \$93,820 to \$6,608,490 when compared to the FY20/21 budget (\$6,514,670). The majority of the increase comes from personnel and internal service charges, namely building rent and fleet service charges.

**Health Care (Fund 705)**

The FY21/22 budget for the Health Care services fund increased by \$53,610 from \$21,872,160 to \$21,925,770. Personal Services costs (\$14,690) and Other Charge costs (\$38,920), used to purchase external insurance and fund self-insurance claims, account for the increases in this fund. This increase also includes adding primary care services to those offered at The Center.

**City Buildings (Fund 707)**

The City Buildings Fund encompasses building services provided to two facilities: the City County Building and the Public Works Complex. The FY21/22 budget for the City Building services fund increased by \$120,270 from \$2,867,760 to \$2,988,030. The charges for the City County Building services is split between the City and County, 28.7% and 71.3% respectively.

## GENERAL FUND EXPENDITURES BY DEPARTMENT

Department	Actual FY2019	Actual FY2020	Adopted Budget FY20-21	Proposed Budget	\$ Change FY20/21 - 21/22	% Change FY20/21 - 21/22

Equalized General Fund Budget

Fiscal Years 2012/13-2021/22

The chart above shows the actual adopted General Fund budget compared to the budget adjusted for the impacts of inflation over the past ten years. As can be seen the adjusted budget has fluctuated both up and down over the years.

\* In FY 17/18 the staff of the Family Justice Center were shifted from the Police Department to a separately run non-profit. The City continues to make a financial donation via contract with the non-profit.

\*\* Beginning in FY 18/19 the Knoxville-Knox County Emergency Management Agency (KEMA) is being reported in a separate special revenue fund. The positions are therefore shifted from the General Fund.

## City of Knoxville

### Debt Service

The City of Knoxville, like other cities, occasionally needs to borrow money in order to complete various capital projects. In the past the city has issued debt for such items as road paving and construction, fire station construction, waterfront development, storm sewer improvements, land acquisition and improvements at the World's Fair site, conversion of the streetlight system to LED, the new Convention Center, and various other projects. As of June 30, 2021, the long-term debt of the City, excluding revenue supported debt of the Knoxville Utilities Board (KUB) and the Metropolitan Knoxville Airport Authority (MCAA), will be \$191,160,000. As KUB and MCAA are not a part of the City's operating budget the following analysis focuses only on the debt of the general government.

The debt of the City can be separated into two basic categories: general obligation bonds; and enterprise fund debt. A breakdown of general government debt by category is shown in Table 1.

The debt service on the general obligation bonds as well as the other category of debt is shown in Fund 305, the Debt Services Fund. The final category of debt, Enterprise Fund debt, debt attributable to the Convention Center, is consistent with proper accounting procedures, budgeted within the appropriate enterprise fund.

The primary revenue to this fund comes from a property tax levy of 19.54¢ per \$100 of assessed value. Property tax is projected to yield approximately \$10.92 million. Interest earnings are forecast at \$200,000. The Public Building Authority is also obligated to repay a portion of the 2012 Refunding bonds. For FY 21/22 that amount is \$178,850. A transfer of \$1,480,880 from the State Street Aid fund to cover the cost of debt for the street light conversion and other street related work makes up the balance.

In the FY 20/21 the City refinanced \$58.9 million of existing debt and borrowed \$62.5 million for the construction of a new safety building and other various projects with up to an additional \$18 million expected in FY 21/22 due to the effect of the COVID-19 pandemic on construction costs. With the refunding, the City was able to capture approximately \$5 million in savings over the life of the debt.

#### Debt Limitations

There are no limits on the amount of debt that can be issued by a municipality within the State of Tennessee (TCA 9-21-103). All notes and bonds must be approved by the state Director of Local Finance prior to issuance. This review/approval may address debt structure, maturities, and consistency with the City's established debt policy.

We believe that the current debt of the City is within acceptable guidelines, as established by the State and the various rating agencies.

The following pages show a complete debt service schedule of principal and interest payments for FY 21/22, as well as a complete amortization schedule by year.

<b>TABLE 1</b>			
Type of Debt	Principal Outstanding 6/30/21	Principal Paid In FY 21/22	Principal Outstanding 6/30/22
